Archæological Survey—Of the Madras Presidency by Mr. J. Burgess.

No. 3952.

GENERAL DEPARTMENT.

Bombay Castle, 22nd November 1881.

Letter from the Archæological Surveyor and Reporter to Government, dated 21st November 1881—Forwarding a telegram from the Government of Madras, intimating that in accordance with the suggestion of Her Majesty's Secretary of State the Government of India has sanctioned a grant of Rs. 15,000 for the survey of the Madras Presidency and the Madras Government agrees to that Presidency being added to the Provinces under his survey; requesting permission to go to Madras as that Government requests his presence to settle all details and commence the survey; stating that the general basis of arrangement he believes to be that his salary should be met equally by the sanctioned grants of the two Presidencies, so long as that of Bombay is incomplete, that part of the saving thus effected from the Bombay grant should be devoted to the payment of additional Assistants and a slight increase to the salary of Mr. Cousens; remarking that this additional assistance, if satisfactory men can be obtained, will enable him to complete the Bombay survey in the same time as if his attention were devoted to it entirely; and adding that when he reaches Madras and learns the details proposed he will be able to submit a plan of operations which he trusts will be workable and satisfactory to Government.

RESOLUTION.—Mr. Burgess may be furnished with a copy of the telegraphic correspondence which has already taken place between this Government and the Government of Madras on the subject of his employment in that Presidency and informed that His Excellency the Governor in Council has no objection to his proceeding to Madras and undertaking the archæological survey of that Presidency, provided satisfactory arrangements can be made for the performance of his duties here and the completion of the archæological survey of this Presidency within the time allowed, viz., the end of 1882-83, and that this Government are made to bear half the cost of his salary so long only as the Bombay survey is in progress.

J. MONTEATH,

Acting Under Secretary to Government.

To
The Archæological Surveyor and Reporter to Government (with a copy of the telegraphic correspondence between this Government and the Government of Madras),
