No. 807

Cotacumund 21 August 1880

From The Surgeon General 3/69-7
with the Government of Madras

To The Chief Secretary
to Government.

Sir,

For many years past a medical subordinate has been maintained at Anjengo, though I am unable to ascertain why. The Local Fund Board of Calicut report that they are unable to maintain a poor house and dispensary there, but it seems to me that if a dispensary is required, it should be supported out of district funds, unless there is any obligation on Government by treaty arrangements or otherwise to maintain a medical subordinate there.

2. I have the honor therefore to solicit that a reference may be made to the Collector of the district as to the necessity of Government continuing to maintain a medical subordinate at the station.

3. The Hospital Assistant employed there is ambitious of establishing a dispensary on a scale which seems to me beyond the requirements of the place, and as the whole charge of his salary and medicines falls on Provincial Funds, I would solicit instructions as to what is to be done.

I have the honor to be

Sir,

Your most obedient servant

Mr. Cornish

Resident's Office
Cochin, 27 January 1876

From

A. Macgregor Esquire
Resident in Travancore & Cochin

to

The Honorable A. Davidson Esq.
Chief Secretary to Government
Fort St. George

Sir

With reference to your endorsement dated 21 October 1875, calling for an opinion as to the retention of a Medical Subordinate at Angam, I have the honor to inform you that I see no necessity for the maintenance of the officer in question.

So far as Travancore subjects in the adjoining parts are concerned their wants are amply provided for by the Travancore Government.

Looking over the records I am unable to find that the British Government entered into any engagement to maintain a medical establishment though as regards Pallapatt north of Cochin such an undertaking does exist.

Mr Ballard writing under date 18 January 1876 to the Surgeon General India

Indian Medical Department Fort St.
George stated that looking to the conditions
of the place he regarded the maintenance
of a Hospital at Anse-au-Loup as quite uncalled
for, and I agree in this opinion.

I have the honor to be,
Sir,

Your most obedient servant

W. H. H. H.
Resident.
