Proceedings of the Board of Revenue,

Dated 11th November 1881.

No. 9818 Miscellaneous.

READ The following letter from E. Key, Esquire
Superintendent Govt Press to the Sub-
Secretary, Board of Revenue dated 13th
December 1880 No 2207.

With reference to Board's

*Not submitted to
Govt. Extract for info.
Mis: Pros: No 10,308, of 21st September/80

I have the honor to forward four state-
ments prepared in accordance with
the Form attached thereto showing
the particulars of sums due to
Government Press for printing work
executed on account of the Local
Fund Boards, Jungle Conservancy
Funds, Court of Wards, and
Government Farms during the year
1879-80.

2. The purpose of each
Proceedings

Proceedings have not been entered,
as the accounts were made up
from the monthly Proceedings
File, wherein the dockets are
omitted; this, however will be
supplied in future statements.

The Superintendent,
Government Press, submits with
the foregoing letter memoranda
of printing charges incurred in
1879-80 on account of the Court
of Wards, the Government Farms
and the Local and Special Funds.
Under the orders of Government
noted below these charges except-
ing those relating to Special
Funds other than Jungle Conservancy,
have to be shown in the accounts
as entries against the respective
funds.

L.O. 30th September 1879 No 1453 P.D.

L.O. 10th May 1880 No 686 P.D.

2. Under the Court of Wards,
Rs 2-1-10 are charged for printing
Bd's Proceedings dated 29th October
*Not submitted
to Govt. 1879 No 3062. As these Proceedings
were not passed by the Court,
the entry should be struck out.

3. Rs 12-15-10 are payable by the
Doddappa Naikamar Estate, which
having passed out of the hands
of the Court in the manner ex-
-plained in their Proceedings dated
*Recd in
the Revenue 19th February 1881 No 1761, no
money is available for payment.
The Court think that it would
be desirable to forego the amount
due on account of this Estate.

4. With the exception of the above
two items, the list is correct,
and if the debit is to be made
against the estates, the sum
would appear to be Rs 1091-2-7
distributable

distributable among the different
 states as particularized in the
 accompanying statement and
 the Court of Wards have no mind
 with them for the estates marked
 with an asterisk the collectors
 concerned would have to remit
 the amounts entered against
 them. The estates noted in the
 margin having been made
 over to the Wards on their coming
 of age, the collectors concerned
 would have to recover from them
 and remit the amounts.

5. The cost of printing
 Proceedings dated 26 May 1880
 No 1412 is charged to Government
 Farms, with which the Pro-
 ceedings are in no way connected.
 Leaving out this amount,
 The Accountant General
 would

¹⁷²⁷
 would have to debit the balance
 Rs 1429-4-6 to "Land Revenue,
 Agricultural Service" and credit
 it to "Printing".
 6. The total printing charges
 of the Local and Temple
 Funds are respectively Rs 33-8-6
 and Rs 123-11-0. The Accountant
 General would have to debit
 them to the Circles and Districts
 enumerated in the accompany-
 ing list and to make the necessary
 adjustments.
 7. As regards the cost of printing
 papers connected with the special
 Funds there is no specific order
 of Government that it should
 be debited to the Funds concerned
 and the amount relating to
 each Fund is so small that
 the

The Board do not think that the return need be made.

8. Before making arrangements for actually making the payments and ~~transfers~~ ^{above specified} the Board would point out the small value of the recoveries made, as set against the labour and expense of accounting corresponding & printing correspondence. Whatever may be said of the transfers to other funds of a public or quasi-public nature, the Board submit that the debit against private estates is insignificant and should not be enforced. By the $1\frac{1}{2}$ per cent. Commission Government receive an annual sum from the states of not less

less than Rs 20,000. ¹⁷³⁷ Before issuing instructions the Board await the orders of Government.

In order.
 The Board question (para 1)
 whether, considering the small
 value of the recoveries made
 the debit of printing charges
 against Local & Special Funds,
 Govt. Funds, and especially
 Estates under the C. of Wards
 should be enforced. The
 order challenged was delib-
 erately adopted in G.O. Sept.
 30th 1879. No 1453. with the view
 of counterbalancing the Rs 30,000
 to Rs 40,000 by which the
 expenditure was found to
 exceed the combined receipts
 and Imperial allotment. The
 sums in question aggregate Rs 8777-

Order 19th Dec 1881, No. 1727.

The payments and transfers involved should be made without delay.
