regarding certain medical stores for Mysore, not

to be in reply to any issue of the Government of
India, I am to request that you will be good
enough to say whether the despatch, to which it
is a reply, issued from the Madras Government. If
so, the despatch shall be transferred officially

My Lord Marguis,

1. I have received and considered in
Council your letter in the Public Department N^o. 32,
dated 9th December 1880, forwarding a copy of corres-
pondence relating to certain Medical stores for
Mysore, not received, or lost by breakage in transit
from England, and suggesting that the value of the
articles might be recovered.

2. With regard to the 2 bts of Warburgh's
Lyon Drops said to be not received, I have to inform
you that by an error they were packed with the stores
for the Madras Medical Department conveyed by
the S.S. "Mirzapore" instead of with the Medical
stores for Mysore.

The

The Principal Medical Storekeeper, Madras, acknowledges the receipt of the Fever drops in the copy of the Packing Account of Medical Stores returned to this country, and was requested by the Director General of stores in his letter of the 14th inst. to forward the case to the Surgeon to the Mysore Commission.

3. With regard to the losses from breakage, it appears inexpedient, in view of their small extent, to call upon the contractors to make them good. A certain percentage of loss in the shipment of such stores is to be expected.

I have to
be
15d 1 Huntington.
