Dear Mr. Underwood,

your note of the 10th instant.

I am to tell you that privilege leave cannot be given unless you can produce a medical certificate from your medical attendant that leave is really essential. If you go on leave it will not be possible to keep Ongole open for you as great inconvenience has already been caused by Hardinge's absence and another man must be sent at once.

Let me have your reply by wire, saying whether a medical certificate is on its way.

Yrs sincerely,
S. J. G. Master.
