Read the following paper :—

No. 159. *From Colonel A. JOHNSON, Secretary to the Government of India, Military Department, to Colonel J. MICHAEL, C.S.I., Secretary to Government, Military Department, Madras; dated Simla, 31st August 1880, No. 1531-S.O.*

Medical Department—Indents and Estimates.

In acknowledging the receipt of your communication, No. 4430, dated 14th July 1880, I am directed to acquaint you, for the information of His Excellency the Governor in Council, that the indent for chemicals and scientific apparatus, &c., required for the several Medical Colleges and Schools in the Madras Presidency for the year 1881-82, has been forwarded, in duplicate, to Her Majesty's Secretary of State for India for compliance.

2. I am to point out that the indent has been prepared in the form prescribed in Madras Government No. 4321, dated 8th August 1879, for the preparation of requisitions appertaining to the medical institutions of that Presidency, which, however, is not applicable to indents for the Secretary of State, and to request that, under the orders of His Excellency the Governor in Council, the necessity for adhering in future to the general form of indent prescribed* by the Government of India in 1873, and for properly filling up all the columns therein, may be impressed on the Surgeon-General with the Government of Madras.

No. 160. ORDER THEREON, 8th September 1880, No. 5697.

Communicated to the Surgeon-General with the Government of Madras, with reference to Proceedings of Government, No. 4429, dated 14th July 1880.

No. 237. With report from the Controller of Mily. Accounts, 6th June 1881, H.

No. 723.

Report called for in Controller of Military Accounts' Docket, No. 658, dated 1st June 1881, the two Enclosures of which herewith returned.

Subject referred.

Indent, No. 46-A, for chemicals and apparatus.

Remarks by Examiner of Medical Accounts.
It will be noted that, as was the case last year, an "established proportion" has only been entered in the case of a very few of the articles indented for. The reasons appear to be as follows:—

- Most of the articles are only indented for once in every two, three or more years, while some are now wanted for the first time.
- Hitherto, no proper account of expenditure has been kept,—apparently for want of office establishment.
- This is only the second time that this form of indent (chemical) has been submitted.
- The number of years on which the established proportion of chemicals should be based has not yet been fixed by Government.

(Signed) W. MACRAE, Surgeon-Major,
Examiner, Medical Accounts.

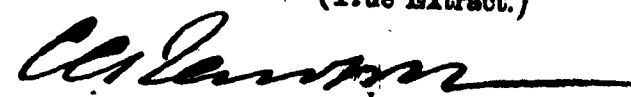

Fort St. George,
4th June 1881.

No. 238. ORDER THEREON, 18th June 1881, No. 3209.

Ordered that the indent be forwarded to Her Majesty's Government, through the Government of India.

2. The Surgeon-General with the Government of Madras should, with reference to the instructions of the Government of India, conveyed in Proceedings of Government, No. 5697, dated 8th September 1880, have assigned his reasons for not properly filling up Columns 2 and 3 of the indent—"Established Proportion."
