To

Through the Assistant General
Madras

Sir

The Medical Officer of the 1st District who is also a member of the Committee of Management of the Govt Work House having on a late occasion condemned the drinking water at present used by the inmates of the House, and having recommended that all the water for drinking purposes should be brought from Clives Battery, the matter was laid before a meeting of the Committee on the 24th Instant and they decided that as there was no good water obtainable nearer than Clives Battery, and as none of the servants at present employed in the House

House could be spared if bringing the
water from such a distance it was abso-
lutely necessary to employ now especially
for the purpose of bringing inking water
for the House.

I have therefore the honor to request
that sanction may be granted for em-
ploying a man for the above purpose
on a monthly pay of \$5.
The usual Tabular Statement is forwarded
herewith.
