Waltham. 21st June

My dear Master.

I hope you will be able to
send me an experienced
Assistant - before long.

There is a deal to see to
in the District - especially
in the matter of roads -
and I shall not be
able to get away from

headquarters unless I
have some one to look
after the Treasury.
Besides this, I am, as
you know, rather want
an experience of a collector
work - not to speak
of the ever present
possibility of a sudden

station 5
journey in the direction
of the Mahlich
from the chief
of the Mahlich

There were two
assessments in Ganyam
Shant & Kevitron.
Perhaps Shant had been
spaced now that
Kevitron has ^{now} made out
a route.
