PROCEEDINGS OF THE MADRAS GOVERNMENT.

READ the following

from Dr. J. Burgess, L.L.D., F.S.B., archaeologist
surveyor to government, Western and southern
India, Edinburgh, dated 11th June 1888, No 53.

I have the honor to forward
by (Book post) the continuation of the list of
Remains prepared by Mr. Robert Sewell M.C.S.,
for Conservation and consisting of (No 1) the
list for Ganjam which wants only one item
of but little importance, (No 2) that for
Vizagapatam of which I forwarded the
Completion a fortnight ago, and (Nos 4 & 5)
the complete lists for the Kistna and Surnam
Districts.

2. Mr. Sewell in his letter, dated 23rd April
informs me that no return had up till that
date been received from the Nellore District;
this is the only one now wanting.

3. I have read over and revised all
the lists which embody a good deal of important
information collected and arranged with
much

much care and whether all the suggestions
contained in the returns be adopted or not,
it would probably appear to government
desirable to put them in type for the use of
District officers, both in the Revenue and
Public works Departments.

Order: 11th July 1885, no. 1608 (misc)

The lists received with the
foregoing letter will be sent to the Superintendent,
Government Press, to be printed together
with those forwarded to him with G.O.

5th June 1885, no. 1321.

2. A complete set of the lists will be
forwarded to the government of India.

No. 1321 For

No 62 of 1885

Edinburgh 15th July 1885.

The Chief Secretary to Government
Fort St George.

Sir I have the honour to forward under separate cover,
an addition to the List of Ancient Remains from Ganjam,
and the List for Nellore received by yesterday's mail.

2. These now complete the lists which Mr Sewell was
instructed to prepare, and perhaps the best way of utilizing
them would be to print them in a condensed form and
supplying the different local Engineers & Revenue officers each
with a copy.

3. The buildings do not require to be all taken up for
conservation, but moderate sums judiciously expended annually
to preserve those in most want of repair, ought to be sufficient
for those under direct Government Control. For the others
the proper custodians should be reminded of their duties when
occasion requires.

I have the honour to be

Sir your most obedt. servt.

J. Burgess
Archaeological Surveyor.

P.S. 16th July.

Since writing the above I have received G.O. of 5th June
No. 1321. I have the honour to request to be supplied with
a copy of the proofs from the Press at the same time with the
Collectors.
