Despatch from the Government of India, Department of Finance and Commerce (Salaries, Establishments, &c.), to the Secretary of State for India, dated Simla, the 4th May 1886, No. 140.

We have the honor to transmit copies of the papers cited in the annexed list on the subject of the prosecution of the Archaeological Survey work in the Madras and Bombay Presidencies.

2. Our resolution of the 15th ultimo explains the details of the arrangements which we have, subject to your Lordship's sanction, finally approved, with the object of carrying on the Archaeological Surveys in Western and Southern India, and of completing the work within reasonable limits as to time and cost. These arrangements include the following proposals, namely, (1) that the services of Dr. E. Hultzsch, a scholar versed in the Sanskrit, Pali, and Dravidian languages, should be secured for the Madras Archaeological Survey on a salary of Rs. 400 a month (with free passage from Europe to India), his duty being to translate inscriptions in those languages and to train pandits to assist in the work; (2) that the pay of Mr. Rea, First Assistant in the Madras Survey, should be raised from Rs. 300 to Rs. 350 a month, with further annual increments of Rs. 25 up to a maximum of Rs. 500 a month; and (3) that the pay of Mr. Cousens, First Assistant in the Bombay Archaeological Survey, should be raised from Rs. 360 to Rs. 420 a month, with an additional annual increment of Rs. 40 a month for the four following years, to take effect from the 1st January in each year. We are of opinion that sufficient reasons have been advanced for the adoption of these proposals, which have received the general concurrence of the local Governments concerned. We have accordingly sanctioned an immediate increase of Rs. 50 a month to the pay of Mr. Rea, the First Assistant in the Madras Archaeological Survey; and we recommend that the other proposals enumerated above, including the employment of Dr. Hultzsch in connection with the Archaeological Survey of Southern India, may receive your Lordship's favorable and early consideration. The address of Dr. Hultzsch is "Blasowitzer Strasse, 34, Dresden."

3. We may add that these arrangements have been matured in personal communication with Dr. Burgess, and that they will, in our opinion, tend to the efficient prosecution of the Archaeological Survey work in Western and Southern India.
