3. *Monegar Choultry, &c.*—The average daily number of paupers maintained during the year in the Depôt Choultry was 72, against 67 in 1887, and of patients in the Native Infirmary, 81 against 104. In the Foundling Asylum, the number of

children was 3, against 2 in 1887. The expense incurred on account of dieting paupers was Rs. 2,087-14-4, or on an average As. 1-3$\frac{1}{4}$ per head per day, as in the previous year. The cost of maintenance of the patients in the Native Infirmary during the year under report has been Rs. 5,763-10-0, or on an average of 3 annas 1$\frac{1}{4}$ pies per head per day, as against 2 annas 8$\frac{1}{2}$ pies in the previous year. This is owing to the excess of extra diets, such as milk, coffee, bread, conjee, hopper, chicken, butter, &c., ordered by the Surgeon in charge. The charge on account of children in the Foundling Asylum was Rs. 52-7-8, or on an average 10$\frac{1}{2}$ pies per head per day, against 10 pies in the previous year.

4. The total number of patients admitted into Sir Savalai Ramasawmy Mudaliar Lying-in Hospital was 547, against 510 in 1887. The cost of dieting was Rs. 1,103-1-0, or on an average Rs. 2-0-3 per head, against Rs. 876-1-10, on an average Rs. 1-11-6. This is owing to better diet supplied to the patients during the year and batta.

5. *Rajah of Venkatagiri's Choultry.*—The daily average number of pauper inmates in the Rajah of Venkatagiri's Choultry was 45, besides 108 out-door paupers supplied with rice-doles of two ollocks a day; while in the year 1887, the number of pauper inmates was 52, and of out-door recipients 108, and the cost of dieting, &c., was Rs. 3,562-8-4, against Rs. 3,340-14-2 in the previous year. This increase is owing to fitting up water-pipes, Rs. 195-4-9, and municipal taxes, Rs. 90, paid this year for the previous year. The average cost for each pauper per day, As. 1-3$\frac{1}{2}$.

6. Such of the paupers as are physically fit continue to do some light work in connection with the garden, kitchen and the wards.

7. The Tamil school attached to the Monegar Choultry, founded by Lord Napier and Ettrick and the Honorable R. S. Ellis, is attended by 12 children belonging to the Choultry.

8. The Directors tender their thanks to Sir Savalai Ramasawmy Mudaliar, *Kt.*, C.I.E., for his careful audit of the monthly and annual accounts of the institution.

9. Thanks are also due to Messrs. C. Yetherajulu Naidu and Mahomed Mahmood Khan Bahadur, Directors of the Monegar Choultry—the former gentleman for his treat to the paupers and inmates of this institution, and the latter for his donation of cumblies.

10. Before concluding our report, we wish to place on record our high appreciation of the valuable services rendered to the institutions of the Monegar Choultry by Mr. G. D. Coleman as Honorary Secretary and Treasurer, and also of those of Mr. G. A. Ruppell, who acted during Mr. Coleman's absence from Madras.

11. We regret to record the departure of the Honorable C. G. Master, C.S.I., to Europe, and the death of Abdul Ghani Khan Bahadur. Both these gentlemen evinced great interest in the welfare of this institution.

ORDER—dated 19th December 1889, No. 1036, Public.

The accounts of the Monegar Choultry and connected institutions * for the year 1888 submitted with the foregoing report opened with a bank balance of Rs. 5,823-0-1, and the receipts from all other sources during the year amounted to Rs. 21,711-9-2. The expenditure was Rs. 23,376-2-4, leaving a balance of Rs. 4,158-6-11 in hand on the 31st December 1888.

* Native Infirmary.
Foundling Hospital.
Sir Ramasawmy Mudaliar's Lying-in Hospital.

2. The expenditure includes, however, an investment of Rs. 4,000, and the actual expenses of the institutions were therefore Rs. 19,376-2-4 or Rs. 2,335-6-10 less than their income. Rs. 963-14-9 were paid during the year on outstanding bills of March 1885. It will be seen from the foregoing figures that the finances of the institutions are in a healthy condition.

3. It is noted that the instructions given in paragraph 2 of G.O., No. 244, dated 11th March 1889, regarding the manner in which the accounts should be kept, have been followed.

4. There was an increase of rupees 336-2-5 in the cost * of establishments but no remarks are offered as to the necessity for this. The total cost † of diets was less by Rs. 297-13-11. This is accounted for by a decrease in the number of admissions. The cost of diet per head seems to have increased in all branches of the institution.

5. The figures for 1887 given in the statement of the number of paupers maintained do not agree with those shown in the report for that year recorded in G.O., No. 244, dated 11th March 1889. They have probably been corrected with reference to the note at foot of the statement in paragraph 4 of the Government order above quoted.

6. There was an increase in the number of paupers dieted in all institutions except the Native Infirmary, in which there was a decrease of 8,684, which accounts for the total decrease of 6,061.

7. The receipt ‡ and charges of the Raja of Venkatagiri's Choultry for the year under review compare favorably with those for 1887.

8. The Government notes with pleasure the continued increase in the assistance afforded by Sir Ramasawmy Mudaliar's Lying-in Hospital, and also the testimony borne to the valuable services rendered to the institutions by the gentlemen named in paragraph 10 of the report.

Recd. 27/XI/89.
Draft Subd. 2/XII/89

Read the following:

dated 1st Novr: 1889.

Order, 19. 12. 89 No. 1036.

The accounts of the Monegar Choultry and connected institutions for the year 1888 submitted with the foregoing report opened with a bank balance of Rs: 5823-0-1 and the receipts from all other sources during the year amounted to Rs: 21,711-9-3. The Expenditure was Rs: 23,376-2-4 leaving a balance of Rs: 4,158-6-11 in hand on the 31st Dec: 88.

2. The Expenditure includes however an investment of Rs: 4000 and the actual expenses of the institutions were therefore Rs: 19,376-2-4 or Rs: 2,336-6-10 less than their income. Rs: 963-14-9 were paid during the year on outstanding bills of March 1885. Some explanation of this item should have been afforded. It will be seen from the foregoing figures that the finances of the institutions are in a

health

ealthy condition.

It is noted that th
instructions given in
para. 2 of G.O. No 244 d/
1th March 1889 regardin
the ~~way~~ manner in which the
accounts should be kept
have been followed.
There was a clerical error
in column 4 of the state-
ment of Expenditure
embodied in the letter
read above. It has been
corrected. The several
items under receipts
do not correspond with
the entries in the cash
abstract. ~~The latter might~~
~~conveniently show the~~
~~different donations separately~~

4. There was an increase
of Rs: 336.2.5 in the cost of
establishments but no
reasons are offered as
to the necessity for this.
The total cost of diets was less
by Rs. 497.13.11. This is ac-
counted for by a decrease
in the number of admissions.

5. The figures for 1887 given
in the statement of ~~[illegible]~~
do not agree with those ~~given~~ shown
in the report for that year
~~and which were adopted~~ in
G.O. No 244 d/11th March
89. They have probably
been corrected with reference
to the note at foot of the state-
ment in para 4 of the G.O.
above quoted.

There was an incr

---

he number of paupers
dieted in all institutions
except the Native Infirmary
in which there was a decrease
of 8684, which accounts for
the total decrease of 6061.
No explanation of this falling
off is afforded, and although
better diet was given during
the year it seems that a
larger decrease in the cost
of diets might reasonably
have been expected.

7. The receipts and charges
of the Raja of Venkata-
-giri's Choultry for the
year under review

those for 1887.

osing balance.
4681-3-11.
938-13-7.

8. The Govt note with
pleasure the continued
increase in the assistance
afforded by Sir Ramaswami
Mudaliar's Lying-in Hospital
and also the testimony
borne to the valuable
services rendered to the
institutions by the gentle-
men named in para
10 of the report.
