PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following paper

From the Surg. Genl. with
 Govt. dated 10 Dec 1888,
 No. T³/₁.

Order 11 Feb 89, no: 137

In the circumstances
 stated brought to notice
 in the foregoing papers
 the Govt. approve of
 the recommendation to
 provide the apothecary
 attached to the Leprosy
 hospital with quarters
 outside that institution.

The Surg. Genl.
 will accordingly submit
 plans and estimates
 for the erection of new
 quarters, and report
 whether the present
 building can be
 utilized for the purpose.

quarters, I need not go on I think
with "grounds" for condemning
the Apothecary's quarters. Leprosy
is held by some to be contagious,
but even if it was not, I think
it a hardship, if not inhuman,
to force any man to be within
constant sight of about 40 lepers
while sitting in his own private
quarters.

I have permitted Mr. J. Anderson
to live in a house in the Town near
the Leper Hospital. I certainly would
not compel him or any other
subordinate to live in them, unless
ordered to do so by my superiors.

is ample for an Apothecary, it is not
for the accommodation or for the
condition of the quarters that I
want them condemned, it would
have been quite out of place of
me, had I asked them to be con-
demned for this reason, but it
so happens that it is for sanitary
grounds that the Apothecaries com-

is for sanitary grounds that I strongly
recommend they be condemned for
Apothecaries or Subordinates of any

Your most obed^t servant,

~~Surgeon General~~
with the Govt of Madras.

To

His Excellency The Right Hon'ble Lord Cochrane
P. C., G. C. S. C.

Governor of Madras.

May it please your Excellency.

The humble petition of H. Lakshminarasu
Naidu B.A. most respectfully sheweth:—

1. That the petitioner, is the son of H. Srinivasulu
Naidu, late Treasurer and Bullion Keeper, Paper Currency
Office, Madras, and passed his B.A. degree exami-
nation in January 1888.
2. That the petitioner's father, had served the Government
for a period of more than fifteen years, during which period
he had rendered entire satisfaction to his superiors,
and especially as Treasurer and Bullion-Keeper
his services were very highly appreciated by the then
Accountant-General, Madras, who had written very
favourably of the petitioner's father in his letter to the Head
Commissioner, Calcutta, while recommending
the petitioner's father for leave before his retirement.
3. That the petitioner's father was obliged to retire from
service in February 1888 on an invalid pension of
about Rs fifty, as he had gone out of his mind by
reason of his two sons and a nephew being killed in
the Pailani catastrophe.
4. That the petitioner belongs to a respectable family
which for three generations past has had close
connection as money lenders to the Carnatic
family, which fact may be easily ascertained
from the Carnatic records; and further he is
