Sir,

I have the honor to enclose copy of a letter sent me by Mr. Howard E. Bentley of the Joh. Civil Service, Straits Settlements. He has come to this District on leave to study Tamil and wishes to have his knowledge of it tested and certified before he returns.

2. I have ascertained from him that he has no written instructions as to his course of study, nor as to the knowledge of Tamil which he must acquire. He has therefore described the latter from his own idea of it, as a fair colloquial knowledge and ability to read and understand an ordinary written letter or complaint.

3. Having regard to the fact that the efficient discharge of his duty will benefit Tamil people the Committee are willing that he

Sir,

Having been appointed Indian Immigration Agent for the State of Johore (Straits Settlements) by His Highness the Sultan, and being anxious to acquire a sufficient knowledge of the language to enable me to converse with Statute Immigrants, I applied to the Lahore Government for leave to come to India to study the language & habit of the Tamil people.

My duties as Indian Immigration Agent consist of explaining the contract to the Statute Immigrants on their arrival in the State and visiting the different Estates in Lahore where Statute Immigrants are employed once every three months to see that they are properly treated or looked after, and that he
