Letter of Recommendation

S. R. Bhagyan Pillay is the son of my native agent
~~and~~ he has been to school the young man to usefulness and
 good behaviour. It will please me to hear of the progress
 in life of the young man especially as it would be a
 great help to my well-deserving native agent.

S. R. Bhagyan Pillay a member of my Congregation
 having passed just now the Final Examination for
 the grade of B.A. in the Government Employment. As I know him well
 since years I gladly certify as to his very good moral
 and Christian character. He belongs to a very good
 family, his father being a prominent Native of
 our Church who brought his son so far with
 great sacrifices. In consideration of all this I
 would be very glad to hear soon about his
 getting a suitable employment.

 I gladly certify that I have known him for
 several years when he was a pupil in
 Lutharan Central College at Tranquebar. It
 me pleasure to state he bore the character
 an intelligent conscientious youth and he
 was always pleased with his conduct.

February 1889

To His Excellency the Right Honorable
Lord Curzon G.C.S.I.
Governor of Madras

May it please your Excellency

The undersigned was, for
some time, a student of the Madras Medical
College and passed as Apothecary in the last
Madras Medical Examinations. He is the son
of a native physician from whose limited
resources he has drawn already too much to expect
further help in life. To commence
private practice, he is not possessed of a capital
to start with. To recommend him to any
Government appointment, he has none of
sufficient influence. In this strait situa-
tion, turning to the Lord, turned to the most
powerful influence of your Excellency, which
is the only and the best resort left to such per-
sons as the undersigned. The accompa-
nying testimonials will speak for his conduct.
May it please your Excellency most kindly
to condescend recommending him to the
Madras Medical authorities that they
grant him the appointment of an Apothecary
ship in any place within their jurisdic-
tion.
