Dated 29th

He requested, for the
information of His
Excellency the Commander
in-chief, a Report
and Return regarding
the employment, in
civil capacities, of
Officers of the Madras
Native Army.

Report by Lieut. Col. J. R. Keighly, Superintendent of
Prisoners on the employment of
Prisoners of the Madras Native
Army in Civil capacities, in
accordance with the Scheme framed
and sanctioned by His Excellency Sir
Frederick Roberts, Bart., K.C.B.,
late Commander-in-Chief, Madras
Army.

Fort Saint George dated the 29th January 1888

The Report dated the 15th
June 1888, after the Scheme had
been in work for three years and
a quarter, shows 2,402 Pri-
soners ^{as} remaining in employment
on the 31st March 1888, under the
new conditions.

2. Between April and
September 1888, a period of six
months, employment has been in-
firmed for 500 Prisoners, which
added to the 2,402 employed Prisoners
shows

above alluded to, gives a total of 2932
Pensioners.

3. Of this number (2932)
327 are reported as having volun-
tarily resigned employment,
52 as having been thrown out on
reduction and 23 dismissed for
negligence of duty, disobedience of
orders &c, and 20 died, leaving,
there, on the 30th September 1888, a
total number of 2,510 Pensioners
employed under the new conditions.

4. The Scheme has now
been in trial for three years and
nine months, during which time
there has been a steady increase
in the number of men employed,
but while the Scheme generally
may be thus said to be working
in a satisfactory manner, the
Superintendent on the occasion
of his recent inspections, noticed
that at many stations the Officers

in charge - would appear to have
given but cursory attention to the
subject, while at other stations
apparently profitable sources of
obtaining employment for Pension-
ers had either been entirely overlooked
or else carelessly disregarded. With
a view therefore to stir up the
lagging energies of certain apathetic
Officials, the Superintendent
has issued a fresh Circular (attached)
calling for further effort at the
hands of Officers responsible
for a Scheme, the vitality of
which so largely depends upon
their personal exertions in it.
Keeping it well before the
public.

5. The Commissioner of
Horse to have very kindly assisted
the Scheme, by issuing a Depart-
mental Circular to the Officers
of his Department, while at
the

the suggestion of the Superintendent.
made during recent tours, a
few members of Planters' &
Associations have placed them-
selves in communication with
Officers in charge of Missions
regarding what Missions in
neighborhood available for work
on Coffee and other plantations
at Malabar, Coorg, Malabar
Missions &c. &c. Thus, by the
opening up of this and other
fruitful and hopeful fields for
employment, Government in
way, for some few years to
come, reasonably look for a
steady augmentation of the
number of men who will find
employment, until eventually
a fair average maximum be
arrived at. The Press has
also done much to further the
Scheme by the ready and kind
encouragement it has ever
given

given with its pen and by the periodi-
cal publication in its columns
of these "Half-yearly Reports",
but the Superintendent would
respectfully suggest that Govern-
ment should have no opportunity
of eliciting the aid and sympathy
of the principal Civil Authorities
throughout the Presidency, as the
Scheme still meets with much
tacit opposition at the hands of
Subordinate Station Officials in
District Calicut &c.

b. Registers of Missions
employed and reasons of employ-
ment have been opened at the
different Mission Offices
throughout the Presidency. A
complete set of Forms and
Monthly Returns in connection
with the employment, have been
drawn up by the Superintendent,
and a strict and careful check
is

is the Dept on the working of the
Pensions.

7. Officers in charge of
Pensions have been directed,
not only to give every assistance
in their power to becoming
men seeking work, but also
to assist applicants for the
Pensions of Pensions in obtain-
ing men suitable for the employ-
ment offered.

8. Of the 1,058 Pensions
who remained in employment
on the 31st March 1888 (vide last
Report) - which employment
they had found for themselves
prior to the introduction of the
new conditions, only 969 remained
in employment on the 30th Sep-
tember 1888, showing thus a decrease
of 84 Pensions since last Report
and which number is accounted
for

for as follows: -

Voluntarily resigned	47
Pharmaceutical reduction	16
Dismissed	9
Died	12
Total	84.

Thus the number of
Pensions employed on the 30th
September 1888 stood as follows: -

Pensions employed	2,510
under the new conditions	

Pensions employed prior to the introduction of the new	969
conditions	
Total	3,479.

9. As stated in the former
Report, applications for Pensions
should be made to the different
Officers in charge of Pensions,
of whom there is one in all the
chief towns in the Presidency,
vide pages 176a and 177, Madras
Quarterly Army List, and any
particular information on the
subject

subject will, on application, be supplied by the Superintendent of Pensions, Fort Saint George.

CIRCULAR

No. 1.

The Superintendent, during his recent inspections, having noticed that at some offices only the names of Pensioners who have actually obtained employment are entered in Employment Register (Form A), directs that, in future, Officers will enter in their Office Registers (Form A) not only the names of such Pensioners as have actually obtained employment, but, on satisfying themselves that applicants for employment are fit for the employment solicited by them, that they will enter in these Registers, the names also of men desirous of obtaining employment, filling up with the required information the various columns as far as and including the columns "Where willing to be employed."

2. In this manner, every Officer will have his Employment Register to refer to in the case of employment offering, and will be readily able to select suitable men from the list of applicants.

3. Pension Office Writers should keep in rough books, the addresses of all applicants for employment, so that they may be readily communicated with, when necessary.

4. Any additions made as above to Employment Registers, will be communicated monthly to the Superintendent of Pensions in Form B, as directed in this Office Circular No. 4 of 5th September 1887.

5. In making communications to this office in Form C ("Nominal Roll of Native Military Pensioners who have obtained employment"), the exact nature of such employment obtained, should be stated, the term "Private employment" not being sufficient.

6. Monthly Returns should be forwarded with more regularity, and the Superintendent hopes that Officers in charge of Pensioners will exert themselves to obtain employment for their men, the average of employed Pensioners at many stations being very low, and apparently indicating great want of interest in the subject by the Officers in charge.

7. The Superintendent proposes to submit to Government periodically a Statistical Return, showing the average percentage of Pensioners employed at each station in the Madras Presidency.

8. The occasion of monthly payments should be taken by Officers to personally inquire of the Pensioners under their charge, whether any men are desirous of obtaining employment, and any candidates should be there and then examined as to fitness, and their names entered in the Register. This important duty should not be left to Pension Office Writers.

9. The receipt of this Circular to be acknowledged by return post.

ENCLOSURES.

From Lieut.-Colonel S. L. HUNT, Superintendent of Pensions, to the Adjutant-General, dated Fort St. George, 29th January 1889, No. 3404.

I have the honor to forward, for the information of His Excellency the Commander-in-Chief, a report and return regarding the employment, in civil capacities, of pensioners of the Madras Native Army.

REPORT by the Superintendent of Pensions, on the employment of pensioners of the Madras Native Army in civil capacities, agreeably to the scheme promulgated by His Excellency Sir Frederick Roberts, Bart, K.C.B., late Commander-in-Chief, Madras Army.

Fort St. George, dated the 29th January 1889.

The report dated the 15th June 1888, after the scheme had been in work for three years and a quarter, showed 2,402 pensioners as remaining in employment on the 31st March 1888 under the new conditions.

2. Between April and September 1888, a period of six months, employment has been found for 530 pensioners, which, added to the 2,402 employed pensioners above alluded to, gives a total of 2,932 pensioners.
