23. Read Application from the District Medical and Sanitary Officer Tirunool for tent with President's note that it be met from Imperial Funds.  
Resolution:- Resolved to forward Dr. King's application to Government. The Local Fund Board considers tents absolutely necessary to the doctor

in absence of Bangalore in the District, but  
as the officer is paid by Government the  
Board think that Government should bear  
the cost.

From

Surgeon-Major W. G. King M.B. CM. D.P.H.

District Medical & Sanitary Officer,

To

Kewood  
The Secretary to the Surgeon-General  
with the Government of India

Sir,

I have the honour to respond to you that  
in response to my letter No.  $\frac{660}{87}$  dated

+ Pub. Dept. No. 53 in 11<sup>th</sup> October 1887, you communicated  
dated 13<sup>th</sup> January 1887 to me an order by Government con-

-cerning a similar reference, as to  
the supply of tents, made by the District  
Sanitary Officer of Chudawa. As I anti-  
-ipated leaving the Country on furlough,  
I did not then consider it desirable  
to urge the matter further upon you;  
but, as I have now returned to the  
same District, and find myself  
under the necessity of providing  
myself with new tents for use in  
public service (which I certainly cannot  
afford at my private expenses in  
view of the drain upon my pocket  
-ing the low rate of exchange)  
very of a piece bringing to  
consider

2. In the G.O. referred to, whilst Government doubted the necessity for the supply, they declared the charge should be debitable to Local Funds. Whatever the room for doubt as to necessity for the use of tents be in Allahabad, I would respectfully represent that it is absolutely impossible to perform inspection work in this District without a full Camp equipment. There is but one line of road - that from Kurnool to Gooty - where public bungalows exist, and, therefore, unless I share village Chattrams with itinerant Shanyasis and fakirs, the use of tents is imperative for the due shelter of myself and servants. I gain, whilst the area of the District is extensive, travelling by road is slow and difficult, because of the most of the connecting roads of villages are mere sandy tracks; so it is impossible, even were this not an inefficient method of attempting work to pay "flying visits" to villages by posting from head quarters. Hence, a further reason for the supply of the said means of the

3. As to the charge being <sup>5/16</sup> debited to Local Funds, I would point out that during tours of inspection, my work is certainly not confined <sup>possibly</sup> to subjects of interest to the District Board. It is my duty <sup>attend</sup> to all matters affecting the health of Government Employees. Thus the sanitary condition of hospitals, police stations and Cutcheries, and the water supplies of localities where officials are located, are details constantly entered into, and, indeed, I have no doubt I should be called sharply to account should I neglect to give my best attention to all matters of this nature. For example, at the present moment, I have before me the task of examining into the sanitary aspects of various sites for the new head quarters for Cumbum - Coimbatore - deemed as to present location by Government; also, I have been directed to ascertain the sanitary condition of Vandyal - this town being suggested as suitable for the head quarters of the Kurnool District. These are matters in which the Local Board has

practically no concern. Thus, it seems to be  
undesirable that I should be obliged  
to plead my cause before a Local  
Board, and request them to grant me  
a concession, which I honestly believe  
should rightfully, in part at least, be  
made by Government.

In short, I request that if it be  
needed that tents are necessary  
for the conduct of my duty in this District  
to which I believe no reasonable  
doubt can be entertained - and  
yet Government considers a supply  
should be made from Local  
Funds, I may be spared making  
an application myself, by Government  
issuing orders on the subject.

The tents I would ask for are:-

- (1) Dwelling tent
- (2) Office tent
- (3) Servants tent
- (4) Necessary tent

I believe these could be readily  
issued on loan from any arsenal,  
without incurring any special  
outlay on the part of Government.

SUBJECT.

To order.

In the letter attached to the  
application received on 7.0.  
10. January 1889. No. 63,  
it was considered  
that the charge should be  
borne by the L. Board.  
In the present instance  
the Kurnool Board consider  
that, for the reason stated  
in their Resolution, the  
charge should be borne by  
people.

In the last part of his letter,  
Dr. King suggests that the  
rents be obtained from the  
arsenal on loan.

The last Board resolution is  
quite logical, for if the travelling  
B. is done in their interest they  
should pay. But Dr. King shows  
that a great part of his travelling  
is done for people.

15 March 1889  
The Govt. can not be expected to agree  
to this application.
