There seems to be no provision
for the recreation rooms, and other
extras which are shown in the
plan for the fishing village site.
No doubt Sir James Stanbury
will point out all omissions.

The building will require
a wall round it on the sides
to give the inmates of the
barracks some privacy &
to shut off the view from the
view of persons driving down
the beach road.

My dear Vincent.

Knowing the interest
which Mr. Baker in the matter and his
wish that something should be done with
regard to it, I send herewith the reply
of Mr. Brasington to the D.O. who which
under instructions at the last Council
I wrote to him regarding a rough estimate
for a new Military Hospital at
"Cupad Gow". He has a plan with

He has sent my estimate and has only
mentioned the subjoined total cost.
He provides also for 72 birds, though
the number mentioned by me was 70. This
however makes no appreciable difference
in the amount.

Please let me have the papers back
when done with so that I may formally
circulate them.

Yours sincerely
