To

The Chief Secretary to Government
Public Department
Madras

Dated Patna 15th March 1889

Sir,

With reference to the remarks made in paras 3 and 4 of G. O. No. 9 dated 7th January 1889, I have the honor to submit the following report in explanation of the decline in the population of villages from which Birth and Death Registers are received.

2 The population of the Zamindari villages in this District is 807,377 and that of the Agency tracts is 246,303; the population of Government Taluqs is 645,158 which is only a little more than $\frac{1}{3}$ of the total population of the District. Returns from Government Taluqs are punctually received. It is impossible to obtain information from the hill tribes of the Agency tracts owing to the prevailing ignorance of these people who can neither read nor write.

To

3. As to the non receipt of registers from the Zamindary villages, many attempts were made to obtain them from the Zamindary Curuams but to no purpose, the Collector having no power to punish them. The Zamindars concerned have been repeatedly asked to direct their curuams to submit the returns regularly and plead that they too have no power over their curuams. It is in consequence of the incomplete and irregular receipt of returns from the Zamindary villages and the Agency tracts which cover about $\frac{2}{3}$ of the District, that Birth and Death Registration Returns are incomplete.

I have the honor to be
Sir

Your Most Obedient Servant

J. S. Sturges
