NO: 336

Dated 9th May 1889.
Received

Enclosure.

Subject

Submitting Explanation regarding
the water analysis made for
the Bellary Municipality:-

To the Chemical Examiner
to the Collr. of Bellary
27/5

DESPATCHED

40. 3 June/89 de 480.

the object of the analysis supplied when the sample of water was forwarded, no fee would have been claimed by me, and an unnecessary reference to Government avoided. On the contrary I was informed that the analysis was in the interests of the Municipality; and the object of the analysis I only now gather for the first time from the Collector's letter read in the G. O. under reference.

I have the honor to be

Sir

Your most obedient servant

W. Ambrose M. B. C. M. F. C. S.

Ag. Chemical Examiner

whose interests it was ordered. After a month and a half of "local correspondence" the District Medical Officer replied on 1st February 1889, that the analysis "would be in the interests of the Municipality". I accordingly requested him to recover a fee of Rupees forty from that body and forward it to me; and in doing so I acted within the orders of Government upon the subject of analyses for municipalities &c. The Collector of Bellary has therefore applied to Government for sanction to pay the Bill under a misapprehension.

I would however point out that the Collector states that he caused the water to be sent for analysis in the course of an investigation ordered by Government in their Order no: 11. R. of 10th January 1889, whereas the water was actually sent quite one month before the date of this order.

I do not wish to raise any question or dispute in the matter, I merely desire Government to note that had the instructions laid down in paragraph 15. of G. O. no: 1062 Public of 30th May 1883 been carried out by the local authorities at Bellary and information regarding the

CHEMICAL EXAMINER'S OFFICE,
Madras, 9th May 1889.

No. 336.

From J. L. Vamberg Esq. M.B.C. M.F.C.S.

Ag. CHEMICAL EXAMINER,

Madras,

To

THE Chief Secretary to the

Government of Madras

Public Department.

SIR,

With reference to order no. 395 dated 2nd May 1889, I have the honor to bring to the notice of Government the circumstances under which the Collector of Bellary has troubled Government in the matter.

On December 14th last year I received two samples of water for analysis from the District Medical Officer, Bellary with his letter of the 7th December; I at once commenced the analysis but wrote to him requesting information as to the object of the analysis and in the
