2. It will be noticed that he denies the accusation of having been insubordinate, although he positively and persistently refused to obey an order and was impertinent in manner to Dr. Thompson. When the passage ticket was presented to him he said he was not prepared to go and refused to accept it.

3. He lays stress on his being ignorant of the vernacular of the district to which he was posted, but it is presumed that during a residence of over 4 years at Bellary he must have acquired some knowledge of Telugu, and while there he never complained of any lingual difficulties.

Sir,

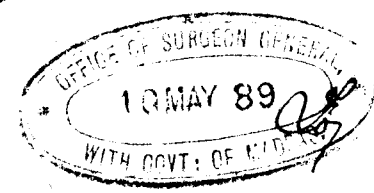

The humble petition of 2 Class Hospital
Assistant P. R. Vathanyagaw Pillay No 206, et
most respectfully sheweth:-

1. That I have been serving lately in the Govt. Hospital
Bavel Dispensary/ Bellary, and have been transferred
from that station to (Potingey Ghaut) Vizagapatnam.
2. That as to what has transpired after the order of
transfer the accompanying enclosures will show you clearly
that I was under the necessity of applying for privilege
leave or for a transfer to Southern Districts.
3. That in reply to my application I received the enclosed
memo from the Secretary Surgeon-General (Enclosure B).
4. That as my request was not granted and I could not
be expected to do impossibilities in a foreign district, speaking
foreign tongue, and as I would subject my health to further
strain under the unpleasant necessity of giving up my connection
with the Department, whose duty, according to the present order,
is trying to me, and to submit the resignation under protest.
5. That in reply to my application for being permitted to
resign, I received from the Secretary the enclosed memo (enclosure
which says "that his resignation cannot be accepted. His case
has been placed before Government and orders will be issued
in due course".

Madras.

Sir, I humbly beg to acknowledge the receipt of your memo P. 2308 dated 29th March 1889, in reply to my application dated 24th March 1889 for a transfer to Southern Districts or Privilege leave for 3 months. As you were not pleased to grant my request I do not know how I could have been at Pozapattal where for want of my knowledge of the language of that place and other great difficulties I shall be useless to them and myself. All the persons and engagements for my difficulties were sufficiently dealt with in my application. Under these circumstances I am obliged to give up my connection with the service fraught with so much difficulties, inconvenience and loss to me. I extremely regret that I am obliged to take this step and lose the

Advantages of my services of the past 10 years, but
I could not help doing so as I have failed to
obtain in my request. My resignation is however
is not voluntary but I am compelled to do so by
force of circumstances and by ill health, so it is
a resignation under protest.

I beg therefore that you will be kindly
pleased to accept my resignation and thus relieve
me of the misery and hardship to be suffered by going
to England.

I beg to remain etc. etc.

I most humbly beg to bring your favorable notice the extremely delicate circumstances under which I am placed by being ordered to (Pohanggye, Gwangju) Nagapattanam. The place is about 1000 miles from my native districts of Coimbatore. The place is quite strange to me. I am quite a foreigner to the languages spoken there, viz. Kanna + Telugu. Besides I am finding that the place is highly malarious & unhealthy, liable to malarious fevers of virulent type. Somehow or other it has been my peculiar misfortune that within the 10 years of my service I have been constantly transferred from one end of the Country to the other & I may say I have been treated with exceptional severity in this way. The places to which I have been transferred from time to time & where I have been working are in the following order:-

1. Stuzoid, 2 Ambaramudram, 3 Shermadevy College, 4. D. D. C. 15
Palam Cottah. 5. Police Hospl: Calicut. 6. Special Duty Bombay. 7. Police
Hospital Calicut. 8. Hyderi, 9. Lepers Hospital Calicut. 10. Salun.
11. Jyore female Orphanage. 12 Akola (Central India) + 13 Bellary.

Of these places I stayed in Bellary for about 5 years + 5 months. During transfer 12 in number extends over a short period of 2 years + 7 months.

With the paucity pay as 3rd class Hsptl. Assist. & with insufficient travelling allowance, my privation & difficulties must have been very great and unbearable. Some of the places like Vysheri in Mysore are highly malarious. In consequence of my difficulties as mentioned already, and in consequence of unhealthiness of the localities where I served, I have contracted a highly virulent type of malarious fever, to which I am constantly liable even now. A reference to my service book, and a reference to my sick leave on various occasions, and a reference to the opinions of Drs. Cook, Haglitt & others, all under whom I served will convince you of the truth of my statements. In spite of my various difficulties and in spite of the worrying & constant transfers & changes, instances may be given during my service of 10 years hesitating to go to the places to which I was ordered, but the present transfer is exceptionally hard upon me & I beg therefore that you will be kind to make arrangements because the order of transfer under such circumstances is unduly harsh or at least unkind.

2. I have here to state for the information of His Excellency the Governor in Council that with cholera prevailing in the Yanjiam and Tiegapate districts, and with urgent demands for medical subordinates, it will be quite impossible for me to accede to his request for a transfer to the southern districts or for privilege leave. All the subordinates ordered for cholera duty in Yanjiam make a similar request. The statements in para 9 of his letter are untrue but even if they were, they would afford no grounds for disobedience of orders.

3. Since basing on my former letter, there have been other cases where the subordinates have disobeyed orders and submitted their resignation.

Leaving Madras on 1st May. This he did but refused to take the passage ticket when given to him by my Secretary, saying in an impertinent tone that he was not prepared to go. He was warned of the serious consequences of his refusal but without effect. He handed a cover which he said contained his resignation.

Dr. Thompson, however, very properly, declined to receive the cover, remarking that he could not be allowed to resign when he was under orders, and that he must either go to Singapore or take the consequences of his action. The man still refused to go and left the office without receiving the ticket.

Government will see from the above facts that the conduct of this hospital assistant has been most indelicate and impertinent, and taking into consideration also the serious charges preferred against him by the Chairman Municipal Council, they are a matter for consideration whether he is a fit person to continue in Government service. The acceptance of his resignation would have an injurious effect on the civil medical subordinates of whom have no proper idea of discipline, and would therefore strongly recommend that he be dismissed from the public service for gross insubordination and disobedience of orders.

THE SURGEON-GENERAL WITH THE

THE CHIEF SECRETARY TO GOVERNMENT.

Public DEPARTMENT

SIR,

I have the honor to submit for the order of Government, the case of second class Hospital assistant I. R. V. Thangayagay Pillay No 246 of the subordinate medical department Station 2.

This man who was attached to the Leper Dispensary in Bellary, was removed from that institution at the instance of the Chhatum Municipal Council, for reasons set forth in the enclosed correspondence, and transferred to Vizagapatnam.

He arrived in Madras on the 28th April and applied to my Secretary at the office in Madras to cancel his posting to Vizagapatnam and to grant him three months' privilege leave, but was informed that it could not be done as his services were urgently required at Vizagapatnam.

On the 29th April he was directed to report himself at the office on the following day to receive his passage ticket to Vizagapatnam by S.S. Seindia leaving

Surgeon Major H. W. O'Keefe,
The District Medical & Sanitary Officer,
Bellary.

To

The Secretary to Surgeon General,
with the Government of Madras,
Fort St. George.

Sir,

In submitting the accompanying
correspondence, I have the honor to re-
-present that as 2nd Class Hospital
Assistant J. R. Vidanayagam Pillay
has forfeited the Confidence of the
Chairman and Councilors of the Munici-
-pality under which he is serving by certain
actions enumerated in the Chairman's
letter it would in my opinion be desirable
in the interests of his Dispensary to trans-
-fer him from his present to some other
charge.

Bellary 18th March 1889.

To

Surgeon Major H. W. O'Keefe

Bellary.

Sir

In reply to your note of the 15th Instant,
I beg to state, that I do not consider the explanation of
J. R. Vidanayagam Pillai to be at all satisfactory.

The Municipal Society, Akkur Sahi, whom he quotes
as his authority and witness, denied having given the two
positions named to be entered in the bill and even if he
did so, it was the duty of the Hospital Assistant, to
have declined to act up to his what may be considered
risky proposal. The two cooks themselves admitted
that they worked up to 8 or 9 P. M. for a few days only
and not for the whole number of days put down in the
bill. It was therefore beyond doubt that this was
an attempt to defraud the Municipal Council.
These cooks were supplied by the Municipal Society,
at the instructions of the Sanitary Inspector of Cook

Bazaar, and J. P. Vanthamayagam Pillai had really
nothing to do with the making of the bill beyond
sending back the cookies with a memo of the number
of days they were with him on cholera duty and
their wages would have been paid by the Sub Chairman
of Local Bazaar in the ordinary way. But J. P. Vantha-
mayagam Pillai preparing the bill with the 2 additional
figures named and asking the money to be sent to
him, shows clearly that he had some interest in the matter.

When the order for his removal is to be brought into
force, I may take the liberty of asking you whether
you can conveniently transfer Hospital Assistant
Sata Ramajulu Naidu now doing duty at Andlgi
Dispensary, to Local Bazaar Dispensary, as this man's
name has been favorably brought to my notice by the late
Tahsildar Mr. P. Sotharaya Mudaliar, now Tahsildar of Badagally.

The two enclosures received with your letter are herewith returned.

Yours very truly
A. S. S. S. S.

Sir, I beg to inform you that I have
enclose my explanation regarding the
man's Letter dated 7th Inst. I asked
the majority to give a written statement
wherein he says that in case if he is called
by the Chairman to do so that he will give
it as he being his superior, & ask me to be
him as my witness. I ordered to
bring him to the District Surgeon's Office
on Saturday at about 2 P.M. since bring
him there.

It is not possible to do so

who worked with me both day and night as day coolies,
and given the names of Valangunney and Panasmany
as night coolies, assigning as a reason for this (which
at the time told him was a fiction) that double pay-
ments to me and the same person were not allowable,
and would not be made, and that upon the receipt
of the money for the latter set of coolies it could be paid
over to the day coolies who were the actual men that
worked. Considering virtually that an overcharge was
being made by the adoption of the above method suggested
by the Ministry in a previous case, I made out the bill and
submitted it for payment. This had been characterized
by the Chairman the "a char and a submission of a
false claim by a Public Servant". Surmised and
admittedly was by more than half a dozen
Official Officials, it is hardly the least of it highly
improbable that I would dare to submit a claim
for work not actually rendered. I am free to confess
that the method shown justifies does at the first blush
look irregular, but in the absence of the money not
having come out of the Municipal Treasury, there
has been no legal wrong committed.

In reference to the other heads of
the charges made by the Chairman, I beg to
submit that the weight that should be given to
each one of them, I leave to your judgment
and discretion. Personal investigation will
have no doubt show that I am not an object of
distrust to the General Community of Coolie
Rajars, confessed as it is of many officials

14th March 1889.

Dear

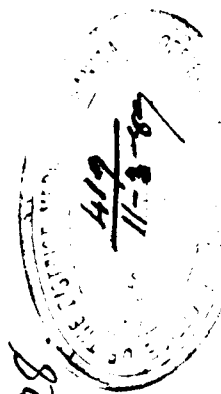

The District Surgeon.

Bellary.

Sir,

With reference to the letter from the Chairman, Municipal Council, dated 7th March 1889, regarding the coolies employed in cholera duty in December/88, and referred by you to me, I beg to explain that 2 coolies were ordered to be given to me by the Chairman from the Maistry of the Cool Bazaar Road, Bellary. It is a fact that 2 coolies named Moonaswamy & Chinappa (and not Pannam as shown in the letter) worked with me in the morning of the 4th December. These 2 coolies were given to me by the Maistry, Bellary. They worked till 6 P.M. that day & went away to their houses. On the night of the same day several cases were reported, when there was no person to carry the medicines to with me. I then sent word to the Maistry, who when he came & was told the circumstances said, that he would get the same 2 men to work if they were paid for night work. I accordingly promised to get them paid for the night work. On these terms these 2 men worked with me from the 4th to 26th December (both days inclusive). On the day that I made out the bill, I sent for the Maistry and asked him how the bill was to be made out as the coolies belonged to him. I was told by the Maistry, Bellary, to specify Moonaswamy & Chinappa, the men

I do not wish to proceed with him officially and legally, unless I am compelled to do so. I shall therefore feel obliged, if you could, get him transferred from this Municipality, and save the Municipal Council, from taking any severe steps, which may ruin his prospects for ever, if the charges are established before a tribunal.

Yours faithfully

for either day or night work. In fact the 2 cooks actually employed, were the men that did night work also, when there was occasion for it, and that they had been promised extra work for the days they worked during the nights. It is therefore a clear case of submitting a false claim by a public servant.

3. I may take this occasion to add, that there were several complaints of bad treatment and indifference against J. R. Vatharagum Pillai, made by the Cool Bazaar inhabitants generally, and the Municipal Council were not pleased with the conduct of this Hospital Assistant. He was involved in deep debts, and half his salary used to be attached by order of the Municipal Court, for the benefit of the creditors. He was also in the habit of insisting for a larger quantity of Hospital Supplies, compared with the Cool Bazaar Dispensary, though the patients were equal in number, until greater economy was introduced. These are all the charges which are very serious against the character of a public servant, but

Sir

I have the honor in acknowledging the receipt of your No. 277 dated 24th ult., forwarding a bill submitted by the Comd Bazaar Hospital Assistant J. O. Vairamangalam Pillai, for 4 coolies alleged to have been employed by him, during the prevalence of cholera, in the month of December last, to state that on enquiry, I find that only 2 coolies named Moonswamy and Ramaswamy, were actually employed by him.

2. Mr. W.
