18TH JUNE 1889, No. 528, PUBLIC.

GOVERNMENT OF MADRAS.
PUBLIC DEPARTMENT.

READ—the following paper :—

From Colonel A. T. ROLLAND, Acting Commissioner of Police, Madras, to the Chief Secretary to Government, dated Madras, 25th May 1889, No. 35.

I have the honor to forward the usual annual report by the Assistant Commissioner of Police on the Triplicane Lungerkhana for the year 1888-89.

2. The money-dole list has again decreased during the year under review by 42 persons.

3. The funds are carefully administered and much destitution relieved. Mr. Venayagam Mudaliar, the present Assistant Commissioner, hopes during the next year to make a considerable reduction in the expenditure, by making better arrangements in the purchase of rice and other provisions.

4. The average monthly number relieved is about 306, at a cost of about Rs. 1-5-10.

ENCLOSURE.

From M. VENAYAGAM MUDALIAR, Esq., Assistant Commissioner of Police, Madras, to the Commissioner of Police, dated Madras, 25th May 1889.

I have the honor to submit the following usual annual report and statement of receipts and expenditure of the Triplicane Lungerkhana for the official year 1888-89 :—

" contingent charges	205	13	4
Total expenditure	5,010	1	1
Leaving a balance	549	1	8

3. The average expenditure per mensem was Rs. 417-8-1, against the monthly average of Rs. 404-14-11 in the preceding year.

4. The following is an abstract statement of the number of paupers to whom relief in the shape of either cooked food or raw rice or money-dole was granted in the institution during the year :—

Month and year.	Out-door paupers.			Inmates or indoor paupers fed daily.	Total.
	Receiving cooked food.	Receiving raw-rice.	Receiving money-doles monthly.		
1	2	3	4	5	6

June	147	144	20	7	318
July	147	142	19	7	315
August	146	142	19	7	314
September	145	142	19	6	312
October	145	141	17	5	308
November	138	139	17	5	299

January 1889	137	135	17	4	293

	1,711	1,676	216	70	3,673
1887-88	1,792	3,603	258	62	3,790
		1,678			
		3,728			

5. The total number of out-door paupers receiving relief in the way of cooked food, raw rice and money-dole was 3,603, giving a monthly average of 300.25, against 3,728, or a monthly average of 310.6 in the preceding year. The number of inmate paupers who received food as well as clothing and were lodged in the institution was 70, against 62 in the previous year.

6. It will be seen that there has been a decrease in the number of paupers under all heads, the only exception being that of inmate paupers, where there has been a slight increase of 7 paupers over that of the previous year. On the whole, there has been a decrease of 117 paupers, and instead of there being a corresponding decrease in expenditure, there has been an increase of Rs. 251-7-9 in the feeding expenditure alone. This is attributed to rice having been dear throughout the year, the average price having been about 31 measures per pagoda against 34 measures per pagoda in the previous year. The contingent charges include a cost (about Rs. 13) of tools purchased for the garden attached to the institution, and Rs. 20, the cost of clothing for inmate paupers and the peons of the institution.

7. The increase of Rs. 34 in the cost of the establishment or servants' wages is only an apparent one; 834 is the regular cost. That it was Rs. 30 less in the previous year was due to the incumbent who did duty in March 1887 after the death of the late Superintendent having received no pay for March.

8. The following shows the casualties and admissions during the year :—

	Deaths.	Dismissals.	Admissions.
Cooked-food recipients	11	8	9
Raw-rice do.	8	2	3
Money-dole do.	1	2	0
Inmate paupers	3	1	2

9. The cost of the distribution of raw rice to the Mussulman paupers nominated by the Paymaster of Carnatic Stipends under G.O., No. 788, dated 7th November 1885, Political, amounted to Rs. 582-15-4, as detailed below. There were two deaths and two admissions during the year :—

Month and year.	No. of Paupers.	Cost of Feeding.	
		RS.	A. P.
April 1888	39	48	11 3
May	39	48	10 10

January 1889	39	48	10 10
February	39	48	10 10
March	39	48	10 10
Total	582	15	14

10. As required in paragraph 5 of G.O., dated 17th July 1888, No. 710, P.D., I have to state that the number of Mussulman paupers of Mylapore and Triplicane that stood on the rolls on 1st January 1888 was 39 females and 2 males, to whom a money-dole allowance of Rs. 80 in all is granted every month, and the number at the end of the year was 35 females and 2 males, receiving an allowance of Rs. 72-8-0 on the whole. A separate report regarding these paupers is made every year. *Vide* this office letter to the Chief Secretary of Government, No. 2, dated 9th January 1889.

ORDER—dated 18th June 1889, No. 528, Public.

With the foregoing letter, the Commissioner of Police submits his report on the Triplicane Langarkhana for the year 1888-89. The subjoined statement shows the receipts and charges during the year under review, as compared with those for the previous year :—

	Receipts.			Charges.	
	1887-88.	1888-89.		1887-88.	1888-89.
	RS.	RS.		RS.	RS.

Interest on invested capital	75	80	Supply of cooked food to out-door paupers	1,984	2,127
Miscellaneous receipts	125	161	Supply of raw rice to out-door paupers	1,459	1,558

Opening balance	879	518	Cost of establishment	804	834
			Contingent charges	336	206

			Invested in Government securities	502	549
			Closing balance	518	549
Total	5,879	5,559	Total	5,879	5,559

2. The cost of relieving paupers rose during the year under review from Rs. 1-4-6 to Rs. 1-5-9 per head. The increase is attributed mainly to the dearness of rice and other provisions throughout the year. The Assistant Commissioner, however, hopes to make a considerable reduction in the expenditure during the next year by making better arrangements for the purchase of the necessary articles of consumption. With reference to the closing sentence of paragraph 6 of the Assistant Commissioner's report, it should be stated whether it is the regular custom to supply the peons of the institution with clothes in addition to their pay.

3. There was a decrease in the number of out-door paupers receiving cooked food and a slight increase in the number of inmate paupers. The following statement shows the average number of each class daily relieved throughout the year :—

	1887-88.	1888-89.
Inmate paupers	5	6
Persons receiving out-door relief—		
(a) Persons in receipt of cooked food	149	143
(b) Persons in receipt of raw rice	140	140
Total	294	289

4. The average number on the monthly money-dole list was 18, against 21.5 in the preceding year and 24 in 1886-87. The highest number of persons in receipt of this form of relief during any one month of the year under review was 20 and the lowest 16, the corresponding figures for 1887-88 being 23 and 20.

5. Rs. 583 were spent in distributing raw rice to the poor Mussulmans nominated by the Paymaster of Carnatic Stipends. The number in receipt of this form of charity was 39 in all the months of the year excepting September, in which the number fell to 38, the maximum number which the Paymaster is authorised to nominate being 40.

18TH JUNE 1889, No. 523, PUBLIC.

6. The number of Mussulman paupers at Triplicane and Mylapore was 41 on the 1st January 1888, and 37 on the 31st December. Nearly all of these were females. The figures given in future reports should be for the beginning and end of the official year.

2. Expenditure

(a) The cost of relieving paupers rose during the year under review from Rs 2-2-6 to Rs 1-5-9 per head. The increase is attributed mainly to the dearth of rice and other provisions throughout the year. The Asst. Commr. however, hopes to make a considerable reduction in the expenditure during the next year by making better arrangements for the purchase of the necessary articles of consumption.

(b) Establishment Charges -

These charges amount to

Rs 834 against Rs 804 in the previous year. The increase, which is only apparent is explained

by the Asst. Commr. with reference to the daily allowance.

(c) Contingencies - This item includes

para 6 of the Asst. Commr's report out of clothing the inmate paupers and it is stated whether it is the responsibility of the institution. It is not under-
 stood in addition to this for the paupers were clothed at the cost of the house. The Commr will report further on the point.

* Peons in other offices - public or private - do not get clothes at the expense of the employers and there seems no reason why the Alms House peons should form an exception to the rule. In the Secretariat, however, some of the peons are provided with clothes by Govt. but that is probably because they are expected to wear a sort of uniform. It seems objectionable that the Langkhana funds should be made to bear such charges.
