READ—File of reports showing the number of passports granted to pilgrims proceeding to Arabia during the season ending 30th September 1888.

ORDER—dated 21st January 1889, No. 54, Public.

Recorded.

2. It is observed from the foregoing reports that the total number of passports issued during the season ending 30th September 1888 was less than in the two preceding years; although issues occurred in three additional districts as shown below:—

	1886.	1887.	1888.
Anantapur	..	..	3
South Canara	..	..	35
Tanjore	..	..	1
Madras	2	43	11
Malabar	292	201	184
Total ..	294	244	234

3. Some pilgrims who proceeded from the South Canara district are supposed to have obtained their passports at Bombay, the port from which they embarked, and the local issues are stated by the District Magistrate to have been chiefly to Muhammadans belonging to the Mapilla section of the community residing close to the Malabar district. The figures for Madras show a large decrease as compared with those of 1887, but the issues for that year were normally swelled by the special circumstances mentioned in G.O., dated 5th April 1887, No. 1613. The decrease in Malabar occurred principally in the Port and is ascribed to the prevalence of cholera and small-pox.

EVENING

Submits report on the work-
 ing of the system of
 granting Passports to
 pilgrims proceeding to
 Mecca for the season
 ending 30 September 1888

63 passports were issued by the Ponnani Tahsildar
magistrate against 28 during the season under
report. The decrease is reported to be due to the
prevalence of cholera and small-pox in the
Taluk, owing to which the Mappillas were
unwilling to leave their families behind
and go to distant places. The 19 passports
entered against Chirakkal Taluk were
granted to Sultan Ali Raja and his follow-
ers who proceeded to Mecca in May last.
No special reason can be assigned for the
difference observable in the figures relating
to the other Taluks.

3. The system by which Tahsildars have
been authorised to grant passports continues
to work well.
