Submitted to H.E.

information.

The sending of Tamil med.
Subordinate to Jangam
has not been explained. What
the S.G. did after receipt
of the telegram sent under
the orders of H.E. the Govt. might
have been done before.
The S.G. yesterday personally
informed me that he had taken
arranged to have 1000 men
sent in place of the Tamil in
Jangam.

5. In my letter no 9293 of 18th June 1889, I asked Government to have the Telugu hospital assistants serving in the Tamil District of Tanjore warned and held at my disposal for service as required in Ganjam. This request has been complied with, and I would propose as this source of supply gets exhausted to indent in the same way on other districts in which Telugu men may be serving and to send Tamils in their place. The men thus removed will revert to their proper appointments as soon as they can be spared in Ganjam.

6. The orders conveyed in your telegram under reply will be duly carried out.

Sir,

With the Gov^t of Madras.

3. Of the 13 subordinates lately sent to Berhampore

4 are Telugus

3 are men who have been serving in Telugu Dist^s & must know the language.

2 are native Christians and their vernacular unknown,

3 are Tamils and

1 is a muhammedan.

It need hardly be said that every effort is made to supply Telugu men, but the number of these is limited and the majority of them being in the service of local authorities cannot be summarily removed to meet demands that are mostly urgent and must be met at once.

4. The number of Hospital assistants of Telugu origin in the department amounts, so far as I have been able to ascertain, to 87 who are employed as follows:-

Under local authorities — 59

In Government service — 23

Doing duty in Ganjam — 3

Acting as^t Surg^s Berhampore — 1

Studying at medical college — 1

Total — 87.

Of the 23 under Government, 11 are in the northern districts, 2 hold important educational appointments, 2 are in military employ, 1 has applied to retire, 1 is on sick leave, 1 is old and feeble, 2 hold special appointments in Madras, 1 is acting assistant surgeon Vellore, and 2 are in the

OFFICE OF SURGEON-GENERAL

WITH THE GOVERNMENT OF MADRAS,
Ootacamund, 21st June 1889.

No. 7306.

From *L. Bidie Esq. M.B., B.S.,*

THE SURGEON-GENERAL WITH THE
 GOVERNMENT OF MADRAS,

Para St. George,

To

THE Chief Secretary to Government
 Public Department.

SIR,

I have the honor with reference to your
 telegram dated Harichili the 16th June 1889 to
 submit the following remarks to the Right
 Honorable the Governor in Council, with reference
 to sending Tamil Hospital assistants to Ganjam.

2. From my letters marginally noted, Government
 will have seen that it is not always easy to
 get these subordinates to proceed to Ganjam
 and alleged ignorance of the common
 vernaculars of that district viz Borya

and Telugu is one of the stock excuses which
 they employ for their unwillingness to proceed
 there. With the exception of some subordinates
 who may have been stationed in the northern
 districts, probably very few know anything of
 Borya, but a large number of all classes of
 subordinates have an acquaintance with
 Telugu sufficient to enable them to attend on
 the sick.

no other remarks to be made

Two medical subordinates sent to this District and now in Chitacole they are totally unacquainted with Telugu and are consequently next to useless. The Governor desires that they may at once be replaced by Telugu men and that the sending of Tamils to Ganjam may be explained.
