To THE Chief Secretary to Government
Public Department.

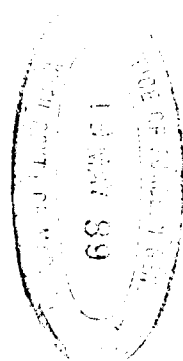

SIR,

In continuation of my letter No. 263 dated 4th May, 1889, I have the honor to report for the information of Government that up to this only two hospital assistants have applied for service under the Perak Government neither of whom has had any experience in the treatment and management of lunatics. Their applications are enclosed.

2. At present owing to the number of new dispensaries which have been established in the mofussil and to the demand for hospital assistants from Burma, I have great difficulty in providing for the requirements of this Presidency, and can hardly spare the services of a medical subordinate for employment in the Straits Settlements.

3. For sometime past I have been obliged to refuse leave to apothecaries and hospital assistants

assistants serving under me except on medical certificate or for some exceptionally urgent reasons, I cannot therefore recommend that the request of the Colonial Secretary be complied with at present.

4. If however Government still desire a hospital assistant to be sent to the Straits, I recommend that of the two who have applied, preference be given to 2nd class hospital assistant J. P. Appavoo Pillai No. 318 who is now in charge of the Police Hospital Calicut and who is the more suitable for the appointment.
