GOVERNMENT OF MADRAS,  
PUBLIC DEPARTMENT.

READ—the following paper :—

From W. S. BETTS, Esq., Agent, South Indian Railway, to the Consulting Engineer for Railways, dated Trichinopoly, 25th June 1889, No. 777.

You will no doubt have observed that in my letter, No. 761 of the 7th ult. mo, to the Managing Director, I reported to the Board the decision of Government regarding Dr. Nanney's ceasing to hold the appointment of Superintending Physician to the Company, and that I considered the time has arrived when the Company should have a Medical officer of its own, as the Madras Railway Company has. My Directors, however, wish to postpone the consideration of this proposal until the India office has decided what arrangements shall be made with the Company and brought into force after the end of 1890; in the mean time, I have been instructed to make temporary arrangements for the supervision of the Medical establishment.

2. I desire therefore to ask if, under these circumstances, Government would object to Dr. Nanney temporarily holding the appointment for a few weeks longer; it would be a great convenience to the Company if this can be sanctioned.

3. If, however, the Civil Surgeon of this district cannot be allowed to temporarily supervise our Medical establishment, I beg to ask if Government object to one of their Medical officers in charge of a regiment holding the appointment.

From

The AGENT,

SOUTH INDIAN RAILWAY,

To

The CONSULTING ENGINEER FOR RAILWAYS,

Sir,

You will no doubt have observed that in my letter No 761 of the 7<sup>th</sup> ultimo to the Managing Director, I reported to the Board the decision of Government regarding Doctor Harnsey's ceasing to hold the appointment of Superintending Physician to the Company, and that I considered the time has arrived when the Company should have a Medical Officer of its own, as the Madras Railway Company has. My Directors however wish to postpone the consideration of this proposal until the India Office has decided what arrangements shall be made with the Company and brought into force after the end of 1890. In the mean time I have been instructed to make temporary arrangements for the supervision of the Medical establishment.

I desire therefore to ask if under these circumstances Government would object to Doctor Harnsey temporarily holding the appointment for a few weeks longer, it would be a great convenience to the Company if this can be

be sanctioned.

If however the Civil Surgeon of this district cannot be allowed to temporarily supervise our Medical establishment I have to ask if Government object to one of their Medical Officers in charge of a regiment ~~holding~~ holding the appointment.

Sir
