Presidency Administration

Letter No. 100

19th August 1889

Dear Mr. Price

I beg to enclose
an application from Mr. J.
Henderson a retired Senior
Apothecary of our Service for
the appointment of Emigration
Agent at Negapatam for the
Princely Settlements, which
appointment he understands
is to be filled up by the Madras
Government at the request
of the Governor of the Prince

Settlements -

I have known Mr Henderson since the middle of 1873 and have a very high opinion of his abilities. I can hardly speak in stronger ^{terms} than his testimonials speak of him. He is a man thoroughly devoted to his profession and has had a good deal of experience in Emigration work. I think a better man for

the appointment he seeks is not to be had. He is of sober steady habits, or should not speak for him, and hope that this note may be of some assistance in helping him to get the appointment he applies for.

Believe me

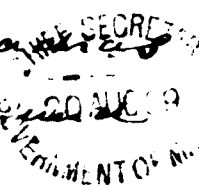

Yours truly

John Smith

The Honble J. F. Price
Chief Secretary

Madras 19th August 1889

To The Chief Secretary to the
Government of Madras
Rotacamund

Sir,

In submitting my Application for the post of Immigration Agent at Negapatam, I beg to state the following facts for your information.

On my first arrival at Penang I was told by Mr. Mc Gregor the Indian Immigration Agent of the Straits Settlements that an Immigration Agency is shortly to be established at Negapatam in connection with or similar to that in Penang, and suggested to me to make application for the Appointment to the Colonial Secretary Straits Government, & that he would give me every support - The qualifications needed were, that the Applicant should be a Medical Man of experience, possessing an intimate knowledge of the manners and Customs of the Natives of India in the Madras Presidency, and able to speak Tamil & Telugu as spoken by the cooly class who enlist as Emigrants - Mr. Mc Gregor understanding that

Madras

that I possess these qualifications recommend-
ed me in strong terms to the Colonial Secretary
as being the most eligible Candidate for the
appointment, thereupon I was requested to
submit an Application which was accordingly
- by done - reply received to the effect that it
would receive due consideration in connection
with others.

On my last voyage to Penang on 2nd id
Aug 1889. I was informed that the Straits
Government decided to ask the Government of
Madras to select the Immigration Agent for
Nepapatam; in consequence thereof Mr. McGee
is now on his way to Madras to consult with
the Government in connection with this business
and promising to give me his support &c.

I am a Retired Senior Apothecary
of the first grade, the highest attainable in
branch II of the Madras Medical Service
with honorary rank of Commissioned Officer.
I retired from the Service in December last
I was afterwards appointed Surgeon of the
S.S. M. "Meanachy" in February of the present
year by the Agents of the vessel with the
sanction of the Colonial Government.

Madras

My duties are to examine & pass Emigrants at Madras, Port of Call & Negapatnam for the Straits, they are then shipped on board & placed under my charge. I beg to submit that the duties pertaining to my Office have been well & carefully carried out by me as illustrated by careful selection of Coolies by Medical examinations, resulting in no rejections so to speak on their arrival at Penang, and re-examination by two Colonial Surgeons, which facts have prominently brought me to the notice of the Indian Immigration. Agh. at Penang, and his willingness to assist me which on his part was voluntarily offered.

I trust it may not be out of place to state that in the year 1870 when Acting Civil Surgeon of Cochinada I had to deal with Emigrants passing a very large number for the French Colonies under the Agency of the late Captain Kilgahon - As the work in connection with Emigrants is not new to me, and in the event of my application being successful I would find the duties pertaining to the Office of Immigration Agh. easy & shall therefore not be required to be instructed in

in the same - It is apprehended that these changes would materially effect my position & Emoluments as Surgeon of the Ship.

Under these circumstances I beg most respectfully to solicit that my application may be favourably considered by the Govt of Madras in conjunction with the facts stated by me as to my fitness for the appointment, and I trust to be able to give every satisfaction to both Governments as I have always done during my career in the Madras Medical Service.

True Copies of testimonials are enclosed.

I have the honor to be
Sir

Your most obedient humble servant

Copies of Testimonials.

I desire here to record the sense I have of the zeal and attention displayed by Mr. Assistant Apothecary Hardaker during this period.

He has been unremitting in his attention to, and care of the sick generally, and especially in these severe cases of Cholera and Choleraic Diarrhoea, and he has shown unusual degree of judgment and skill in their management and treatment.

(Signed) W. H. HARRIS, M.D.,
Senior Surgeon.

VIZAGAPATAM, 25th September 1865. _____

During the period I have been in medical charge of the European Veteran Company and Garrison Hospital, viz., from 3rd December 1865 to 18th June 1866. I have much pleasure in testifying to the high opinion I entertain of Mr. Hardaker's professional abilities, and have always found him most attentive and zealous in the performance of his duties which are at times very heavy, and I consider him highly deserving of any independent charge the Principal Inspector General may at any future time confer on him.

(Signed) J. A. COX, M.D.,
Senior Surgeon.

WALTAIR, 20th June 1866. _____

During the period that I have been in medical charge of the Garrison Hospital and E. I. V. Company, I have always found Mr. Hardaker most attentive to his duties (which are extremely heavy), and zealous in their performance.

During that time I have observed that Mr. Hardaker possesses an intimate acquaintance with the various forms of disease, and a thorough knowledge of the most approved methods of treating them. I have much pleasure in bearing this testimony to his capabilities, and will add, that I consider him a proper and deserving officer to hold an independent charge should he be entrusted with one.

(Signed) S. B. HUNT,
Senior Surgeon.

WALTAIR, 16th February 1867. _____

I have much pleasure in testifying to Mr. Hardaker's professional abilities and general conduct during the period he has been under me in the Garrison Hospital at this station. His professional knowledge, assiduous attention to his duties, and satisfactory performance of them, his sobriety and truthfulness, in fact his general character, both public and private, justly merit my warm recommendation, and render him both a valuable public servant, and a favorite with all who know him.

I have much pleasure in bearing testimony to the medical skill and ability of Mr. Apothecary J. Hardaker who was in medical charge of the Right Wing 33rd Regiment M. N. I. on its march from Vizianagram to Dorundah.

(Signed) FRANCIS APPELGATH, Lt.-Col.,
33rd Regt., 2nd in Command.

Mr. Hardaker accompanied the wing of the 2nd Regiment M. N. I. from Vizagapatam to Sumbulpore, and during the march he was most attentive to his duties, and I attribute the healthiness of the wing to his great care in the selection of water for the use of the men, and his care in inspecting the supplies, and I hope his valuable services will be rewarded.

SUMBULPORE, 5th February 1873.

(Signed) A. PRICHARD, Colonel,

Mr. Hardaker accompanied my wing from Sumbulpore to Raipore, and during the march he was most attentive to the sick, and he took great pains in testing the water, and inspecting the supplies, and I attribute the healthiness of the wing to his great care and attention.

RAIPORE, 3rd March 1873.

(Signed) GEO. KALLENDER, Lt.-Col.,
Comdg. Left Wing, 31st L. I.

I have much pleasure in testifying to Mr. Hardaker's professional attention, and his conduct during the two-and-half years he has been at Russelkondah. In sickness he is most attentive, and I have every confidence in his professional abilities. His work here has not been simply professional, a great deal of office work has had to be done by him, and I believe it has been thoroughly well done, as I know his medical duties have.

I shall be very glad to hear of his professional promotion in any way, and think he is perfectly fit for any independent charge. All the community part with him with much regret.

RUSSELKONDAH, 26th December 1875.

(Signed) J. McDONALD SMITH, Major,
Special Assistant Agent.

October 31st, 1879.

I cannot give over charge of the Asylum without placing on record the high opinion I entertained of Mr. Hardaker who in a very trying post rendered me all the assistance in his power. He is most kind and attentive to the patients and carried out his duties with care and attention.

(Signed) L. C. NANNEY,
Surgeon Major,
Supt. Lunatic Asylum.

Of my assistants I have to record my entire satisfaction of the way in which Mr. Hardaker has performed his duties at this Hospital. He has been now four years here, and a more valuable, and trustworthy Assistant a Medical officer could not desire.

(Signed) W. H. ROBERTS, M.D.,
Brigade Surgeon,
Health Officer & Supt., Lock Hospital.

MADRAS, 22nd September 1885.

For the period previous to my taking charge of the Lock Hospital, all reports concerning Mr. Hardaker were of a highly favorable nature. I have been in charge since October 5th, 1885.

Since which period Mr. Hardaker's conduct and zeal are beyond praise.

(Signed) A. L. HACKETT,
Surgeon Major,
Supt., Lock Hospital & Health Officer.

MADRAS, January 2nd, 1887.

I can only report my former opinion of Mr. Hardaker. His care and attention to the sick could not be surpassed, all duties devolving on him were thoroughly well done.

(Signed) A. L. HACKETT,

MADRAS, January 2nd, 1888.

I am happy to place on record my high opinion of Mr. Hardaker, the Senior Apothecary in charge, during the past 2½ years he has been a hard-working and zealous officer. No one could carry out the work more satisfactorily than he has done.

(Signed) A. L. HACKETT, SURG.-MAJOR,
In charge of Health Officer & Lock Hospital.

MADRAS, April 30th, 1888.

I have known Mr. J. Hardaker, Senior Apothecary, for about 22 years. He first did duty under me in the latter part of 1866 and beginning of 1867.

He is a man of good sense and considerable practical experience. He has at various periods during his service held independent charge of civil stations, and wings and detachments of regiments. The last time that he did duty was at the Lock Hospital of which he was in Subordinate Medical charge with the combined duties of Inspecting Apothecary in the Health Department. He was removed from these appointments on July 1st, 1888, on the abolition of the Health Department and the reduction of the Lock Hospital Establishment. I have the fullest confidence in Mr. Hardaker's knowledge and skill as a medical man, and I consider him perfectly qualified for any independent medical charge.

(Signed) S. B. HUNT,
Brigade Surgeon.
