2. The medical certificate granted to Overseer Subaraya Pillai recommends the grant of leave up to 30th October 1888, but the period of three months and five days applied for goes eight days beyond that date. Leave for two months and twenty-eight days from 3rd August will therefore be granted to the overseer.

ORDER—dated 28th January 1889, No. 95, Public.

The Government in this department do not consider that any general order, such as that suggested by the Public Works Department, can be passed. The well-understood rule is that if a public servant is absent from duty, he is not entitled to any allowance unless his absence is covered by a leave order. In cases of illness it must be left to the authority granting the leave to decide whether it should be retrospective or not, or whether it should go back to a date prior to that of the medical certificate. This must be decided with reference to the circumstances of each particular case, and for this purpose heads of offices are at liberty to make such inquiries as they may think fit from medical officers.

GOVERNMENT OF MADRAS.

PUBLIC DEPARTMENT.

READ—the following paper:—

Office note from the Examiner, Public Works Accounts, to the Secretary to Government, Public Works Department, dated Madras, 18th December 1888, No. 2770.

Adverting to G.O., No. 3089 W., dated 2nd October 1888, I beg to forward herewith letter No. 1260 E., dated 29th November 1888, from the Accountant-General, Public Works Department, and, with reference to para. 2 thereof, to ask that definite orders of Government may be obtained for future guidance as to whether previous short absence may be treated as leave with allowances although the medical certificate says nothing about such previous absence, or whether it should be treated as leave without allowances unless the medical certificate sets forth that the individual was under treatment during the previous absence, or that in the opinion of the medical officer the previous absence was probably justified by previous illness or something of that sort.

ENCLOSURE.

From Major A. G. BEGBIE, R.E., Officiating Accountant-General, Public Works Department, to the Examiner of Public Works Accounts, Madras, dated Calcutta, the 29th November 1888, No. 1260 E.

In reply to your letter No. 334 A., dated the 30th ultimo, I have the honor to say that you may accept the orders issued in Madras Government Resolution No. 3089 W., dated the 2nd idem, in the particular case of Mr. Subaraya Pillai, Overseer.

2. But it seems to me that, in face of the qualifying clause at the close of para. 1 of the Madras Government orders, you need something more definite before you apply the principle to every case. It appears to be the intention that the medical certificates should show, in future, the date from which the illness began, and, if this is so, nothing further is required.

No. 5227 C.

Referred, with a copy of G.O., No. 3089 W., dated 2nd October 1888, to the Public Department, for consideration, whether a general order may be issued directing medical officers to include in their certificates recommending sick leave to Government servants a note showing the date on which the illness began.

two office notes from the P.W. accounts enquiring
whether the short absence
of Government servants
previous to the production
of medical certificates ^{should} be
treated as leave with allowance

I don't see what the rules for granting
medical certificates have to do with
this matter, nor that any general

absent he can't get allowance
unless his absence is covered by a
leave order, and it must be left
to the authority granting the leave
