Lazaretto do not pass through
the collector of Malabar who is kept in
complete ignorance of the resources and
management of the institution.

3. The Lazaretto stands on the verge of the
back water, about 15 miles north of British
Cochin, on a small plot of British ground
surrounded by Cochin and Travancore territory.

I visited it last year, and from
enquiries then instituted I found that out
of 34 resident lepers, no less than 22 were
subjects of Travancore and native Cochin,
while the remaining 12 came from the
British Cochin Municipality.

No municipality or native State
contributes a rupee towards the cost of
the institution.

I think it would be well that

the Govt of Malabar should be

Recd letter from the collector of
Canniam dated 1st October 1889, No 8557 sub.
bing his Special weekly report together with the
reports in original of Messrs. Foster, Home, Baron,
Srinivasanarayana and the Madras Govt for the
week ending 26 October 1889.

Order thereon 16 November 1889, No 2723

The action of the Collector
referred to in para 13 of his report is approved.

Orders have already been passed on the points
mentioned in para 5. The Government desires

to have followed up the action as to the remuneration
of Rs 350 to village officials recommended in

para 14 and the circumstances which
justify its grant.

2. The Government desires to have
paras 10-13 the collector's report and the

in the matter of
 the Civil Surgeon. He is not
 not does not see any ground for discharging
 and on the part of the government who seem
 have been guilty of nothing more than gross
 in ordering for not issuing double
 actions. The mistake should certainly have been detected
 Mr. Forster on the 11th July when making a payment of Rs. 220 for
 and the Government's responsibility with the
 that the neglect of this officer
 was called to the matter by Mr. Forster
 wholly inexcusable and that he is
 responsible in the matter by
 the Civil Surgeon whose was
 control. Mr. Forster is however
 Government is inclined to
 with his order, as was
 Government. The Civil Surgeon

after his attention
 'on inquiry was
 value himself of the
 the certificates
 'to check and
 to inexperienced and
 'view of his neglect,
 the same lack
 fault
 the

regarding it should pass through him.
 In this opinion the Surgeon General (Dr. Bick)
 has expressed his concurrence.
 5. I am not aware how Government
 provide funds for the Institution, but it
 seems to me that its income, and thereby
 its sphere of usefulness as an asylum
 for incurable lepers, might be largely in-
 creased if the native States contributed to
 the charges in proportion to the number
 of patients belonging to each.

It can hardly be right that the British
 Indian tax payer should provide for the
 maintenance for life of ^{the} leper population
 of a native State.

Many of the inmates who are not
 British Subjects have been long in the
 Lazaretto, and were probably admitted
 by the Civil Surgeons of British localities

admittance to lepers, who are not British
Subjects, and in so doing I think he was
right.

I solicit the orders of Government as
to whether lepers who are subjects of native
States should be admitted, and if so —
whether the cost of their maintenance should
not be contributed by the native State to
which they belong.

I have the honor to be
