Establishments,

Sir,

In continuation of Home Department Letter No: 3230 dated 14th December 1888, I am directed to say that as it will take some time to give effect to the orders of the Secretary of State on the Report of the Public Service Commission, the Governor General in Council has determined that appointments under the Statute of 1870 may, if necessary, be made in accordance with the rules issued by Home Department Notification No: 1534 dated 22nd August 1879 in the present year. As the number of civilian recruits expected from England is 43, the number of appointments which can, under the Secretary of State's orders, be made under the Statute of 1870 is eight, and His Excellency in Council has determined to allot to Madras one of this number. I am therefore to request that the names of three selected candidates, should properly qualified persons to this number be forth-coming, may be as follows:—

 clearly to understand that they are appointed subject to
 the condition that they will be included in the provincial

 the Imperial service.

NOTIFICATION.

His Excellency the Governor in Council having been requested by the Government of India to submit the names of three qualified candidates for appointment to the Statutory Civil Service in the Madras Presidency, one of whom will be selected by His Excellency the Governor-General in Council, has resolved to base his recommendations on the results of an examination. The examination, which will be competitive, will be restricted to 25 selected candidates, each of whom must be under 25 years of age on the 1st April 1890 and must have graduated in Arts in the Madras University in either the first or the second class, under the old system prior to 1886-87, or have taken a first class in either the Language or Optional Branch at examinations since held under present rules, or have proceeded to the M.A. Degree. Candidates who fulfil these conditions and who are desirous to compete are requested to send in their names, with evidence of age and qualifications and information as to their place of birth, caste and family and means, to the Chief Secretary to Government not later than the 15th January next. Applications submitted after this date will not be received. Candidates must be prepared to present themselves for examination by a Medical Board, which will assemble on a date to be hereafter fixed between the 15th and 22nd January. It will be an instruction to this Board to reject all candidates not possessed of an exceptionally good physical organization and not especially fitted for the active duties of a Revenue Officer. The twenty-five candidates who will be invited to compete will then be selected from those who have passed the medical examination, subject to the production of satisfactory certificates of character and conduct, and they will be duly informed of the nature and date of the examination. The names of the three who obtain the highest number of marks at the examination will be submitted to His Excellency the Governor-General in Council in order of merit.

2. The Director of Public Instruction is requested to submit proposals in regard to the competitive examination above referred to.

It seems to me desirable to
have the medical exam
before the selection of the
competitors, in order to relieve
the difficult work of selection.
I think a committee consisting
of the D.I., the Surgeon and
some other high officer might
be asked to select. I gather from
Mr. Figg that the number of
British candidates in the line
of the last few years was
130 or 140 and that the number
of them who came up. There
will therefore be 60 or 70 to select
the competitors from.
