AGENT AND MANAGERS OFFICE,

Madras, 18th January 1890

From

The Agent and Manager.

To

The Consulting Engineer for Railways.

SIR,

Your No 38 dated 16th Jan'y with

I have the honour to inform you in reply to your letter above quoted that the Railway Company's Apothecary at Podanur will be prepared to attend gratuitously all bona fide passengers by railway who may be removed from the train at Podanur in consequence of their suffering from Cholera, provided that the Cholera shed be built within a reasonable distance of the railway compound.

I have the honour to be

Sir,

Yours most obedt. Servt.

W. Hewitt

As agent & manager

PUBLIC WORKS.

Dated December, 17th.

Recd.

Encl.

G.O., 17th Dec. 1889, No. 1402 R.

DECEMBER.

Cholera Shed at Podanur

Communicating to the Consulting Engineer for Railways Proceedings, Public Department, agreeing to construct a —, and to provide medicines if the Railway Company will permit its apothecary to attend on the patients.

first instance and thereafter to the jail population in case of the disease spreading. There is the further objection to this practice that it involves great delay in treatment, that is to say, before a patient can be conveyed to the Coimbatore station and thence transported to the hospital.

2. The only medical aid now available at Pódanúr is that of the Railway Apothecary, but it seems to me that if Government builds and maintains the hut and provides medicines and other necessities, the Railway Company might be fairly asked to give the services of their apothecary gratuitously for the treatment of such patients removed from trains.

3. As regards the site for the hut, that might be settled by the District Surgeon in communication with the Railway authorities.

4. So far as I know, G.O., Public Department, No. 1350 of 31st August 1871, has never been cancelled.

5. The hut might be made of frame work of old railway iron with thatched roof and sides of bamboo mats. This would permit of thorough disinfection as required, by burning the straw and mats.

Transferred to the Public Works Department (Railway Branch), and the referred papers returned.

2. The Government is prepared to bear the cost of building the cholera hut and supplying it with the necessary medicines if the Railway Company will make the services of its apothecary available to attend to patients.

FORT ST. GEORGE,
9th December 1889.

(Signed) J. F. PRICE,
Chief Secretary.

ORDER—dated 17th December 1889, No. 1402 R., Public Works.

Communicated to the Consulting Engineer for Railways with reference to his endorsement No. 395, dated 14th October 1889.

on the Agent and Manager, Madras Railway Company, to the Consulting Engineer for Railways, dated Madras, 11th October 1889, No. 6435/1139.

With reference to your endorsement of the 5th instant, No. 816, on copy of proceedings of the Taluk Board, Coimbatore, expressing their inability to construct a cholera shed in the neighbourhood of the Pódanúr station, I have the honor to forward herewith a copy of letter, No. 769, of the 9th instant, from the Company's local officer, and to request that you will be so good as to take further steps to place the Local Fund Boards concerned to undertake the work or kindly indicate Government would wish the question raised by the Medical officer regarding cholera-stricken passengers at Pódanúr to be settled.

ENCLOSURE.

H. L. ANSTED, Esq., Medical Officer, to the Agent and Manager, Madras Railway Company, dated Ráyapuram, 9th October 1889, No. 769.

[Cholera Shed for Pódanúr.]

With reference to the resolution of the Taluk Board, Coimbatore, contained in an extract of their Proceedings forwarded with your endorsement on 7th instant, to the effect that the Government cannot afford to construct a cholera shed in the neighbourhood of Pódanúr, I shall feel glad if you will let me know how I am to dispose of cases of cholera removed from the station at Pódanúr.

The question has been raised by the Pódanúr Apothecary, and I shall be glad if you will issue an order on the subject.

Submitted for the orders of Government.

2. In G.O., No. 1350, dated 31st August 1871, it is stated that Government is to bear the expense of these huts which should be composed wherever possible of bamboo and matting.

3. It appears from the correspondence submitted, that the Taluk Board of Coimbatore are not prepared to undertake the provision of any such accommodation as proposed.

Note from the Joint Secretary to Government, Public Works Department, Railway Branch, dated Madras, 13th November 1889, No. 5287-C.

No. 1142, Public.

Referred to the Surgeon-General for early report.

ST. GEORGE,

Chief Secretary.

H. BIDIE, Esq., M.B., C.I.E., Surgeon-General with the Government of Madras, to the Chief Secretary to Government, Public Department, dated Fort St. George, 6th December 1889, No. 383.

On returning the documents referred to me under your docket memorandum, of 14th December 1889, I have the honor to state that, when recently at Coimbatore, I considered the question of having a shed at the latter place for the removal of cholera patients removed from trains, and am of opinion that accommodation of this kind is highly necessary. Of late, I believe, it has been the custom to remove cholera patients to the civil hospital at Coimbatore, a practice which I consider inadvisable, inasmuch as it involves grave risk to the population of the town in the

Railway.

Read the following papers:—

From the Agent and Manager, Madras Railway Company, to the Consulting Engineer for Railways, dated Madras, 17th August 1889, No. 6534/932.

I have the honor to quote the following extract from a report addressed to me by the Company's Medical officer as to the necessity of a cholera shed in the neighbourhood of Pódanúr, and to request that you will kindly represent the matter to the Collector of the district:—

"Pódanúr.—The want of a cholera shed for passengers, &c., is badly felt at this station, and I beg to recommend that the Collector of the district be requested to erect a suitable shed as near the Railway compound as seems desirable. Probably the most suitable site would be just outside the eastern boundary of the compound to the south of the line."

2. The Company's Apothecary at Pódanúr will be in a position to indicate the site alluded to by the Medical officer, if called upon to do so.

From the Consulting Engineer for Railways, dated Madras, 21st August 1889, No. 1451.

From the Acting Collector of Coimbatore, dated Coimbatore, 28th September 1889, No. 2337.

ENCLOSURE.

EXTRACT from the Proceedings of the Taluk Board, Coimbatore, at their meeting held on Saturday, the 28th September 1889.

2. Letter No. 1451, dated 21st August 1889, from the Consulting Engineer for Railways, Madras, addressed to the Collector, regarding the necessity for a cholera shed in the neighbourhood of Pódanúr, together with the District Board President's endorsement, dated 10th September 1889.

The Taluk Board cannot afford to construct a cholera shed.
