FIRST ASSISTANT, *Richard. S. Esq.*
Madras.

To

*The Chief Secretary to the Government
of Madras.*

SIR,

I have the honour to state that, in ^{my} ~~the~~ duplicate
no. 34 of the 24th. January, I applied to the Surgeon -
General, Madras, to supply me with a 2 ounce bottle of
Chlorodyne.

2:— The letter has been returned with a
memo no. 544 of the 29th. January 1890, written
across, that "This drug is procurable in the local market."

3:— The application was necessitated, by my
medicine chest not having been sent to be refitted,
this being almost the only medicine requiring renewal.

4:— As I have often to pass through portions
of districts where Cholera may be raging, it is neces-
-sary I should have a sufficient supply of the medicine
with me for use of the office.

5:— I would enquire therefore if - when
medicines are supplyable from a Government store - I
am at liberty to purchase them in a local market,
and charge to contingencies?

6:— I am unaware also, in what part of
the local market the drug can be supplied in sufficient
quantity, as cheaply, and of as good quality as
from

from the medical stores.

I have the honour to be
Your ^{most} obedient servant.

A. Allen.

From

The SURGEON-GENERAL WITH THE

GOVERNMENT OF MADRAS,

FORT ST. GEORGE,

To

The Chief Secretary to Government
Public Department.

SIR,

In returning letter No 46 dated 2nd February 1890 from A. Pea Esq. First Assistant, Archaeological Survey Department, referred to me for remarks under your Memo of 11th instant, I have the honor to report for the information of Government, that the application for chlorodyne was not received from Mr. Pea in the usual official form, but in letter form, and without any intimation from him that the medicine was required for the use of Government servants. The chlorodyne was therefore believed to be required by Mr. Pea in his capacity as a private individual and sanction for the issue of it from the Government Store Depot, was withheld in accordance with para 17 Section II, Volume I, Medical Code, which directs that the supply of no medicines on payment

payment - i.e. to private persons - should be sanctioned, if such medicines are procurable in the local market. This rule has lately, at the request of the Principal Medical Storekeeper, been strictly enforced, owing to the numerous requisitions for drugs &c. sent in by persons in Government employment, for their own use and which entailed very considerable extra clerical work, both in the Store and Account Departments.

2. The application for the chlorodyne would of course have been sanctioned, and forwarded to Principal Medical Storekeeper for compliance, if Mr. Rea had intimated that it was required in the interests of the public service.

I have the honor to be
Sir

Your most obedient servant

Edie M. B. C. I. E.
Surgeon General
With the Govt. of Madras.

The Surgeon General's
letter will be com^d to Mr.
Rea who should submit
an application in the
usual official form for
the chlorodyne he requires.
2. Mr. Rea might with
advantage and without
inconvenience have
been informed that if
he required the chloro-
dyne for the use of his
servants he should
resubmit his application
in the prescribed form.
The necessity for his refer-
ence to Mr. Rea has
been obviated.
