READ—the following papers :—

From H. IRWIN, Esq., C.I.E., Consulting Architect to the Government of Madras, to the Superintendent, Lying-in Hospital, Madras, dated Chepâk, 30th January 1890, No. 1598.

With reference to your letter No. 7, dated the 15th instant, I have the honor to forward revised plans and estimates, amounting to Rs. 39,299, for additions to the Lying-in Hospital, or Rs. 2,366 in excess of the estimate (Rs. 36,933) sanctioned in G.O., No. 2394 W., dated 29th August 1889.

2. Please submit the same to the Surgeon-General to obtain the sanction of Government as early as practicable, as a sum of Rs. 7,000 has just been allotted for expenditure on the new wards in addition to the amount already allotted, viz., Rs. 9,698, for restoring the Matron's quarters and adding a verandah to the same.

From A. M. BRANFOOT, Esq., M.B., Superintendent, Government Lying-in Hospital, to the Secretary to the Surgeon-General with the Government of Madras, dated Madras, 3rd February 1890, No. 39.

I have the honor to forward herewith letter No. 1598, dated 30th January 1890 (with its accompanying tracings, detailed estimate and abstract estimates), from the Consulting Architect to Government for the favorable consideration of the Surgeon-General.

2. The position of the new block as now proposed will be a great improvement on the site fixed upon by the late Consulting Architect, as it will have a clear frontage to the north-east and can be readily connected with the blocks of the existing building.

3. The estimate amounts to Rs. 39,299 against Rs. 36,933 sanctioned in G.O., No. 2394 W., dated 29th August 1889, but accommodation is now provided for four more beds in two additional wards, more ample bath-room, &c., arrangements and a connecting way from the upper floor as well as on the ground floor.

4. The number of beds now provided for is 26, but, besides this, two beds for operation cases can be kept in the operating room, the patients being removed to the wards when convalescent. This accommodation will not more than suffice for the average number of cases now under treatment in the gynecological wards of the Hospital for Women and Children, whom it is intended to treat in this new block.

5. If the plans meet with the approval of the Surgeon-General, I would beg to request that the early sanction of Government may be obtained as money has already been allotted for commencing the Buildings.

Memo. No. 118.

Forwarded to Government and strongly recommended for sanction.

2. The site now proposed for the new block will have many advantages over the one originally selected and the additional space contemplated will be fully utilised. The necessity for the increase of Rs. 2,366 over the original grant is fully explained by Dr. Branfoot.

2. A sum of Rs. 16,698 has been provided for the work in G.Os., No. 2920 W., dated 16th October 1889, and No. 202 W., dated 22nd January 1890.

3. This sanction has been registered as Provincial No. 115 W. of 1889-90, and classified as Civil Buildings, Original Works.
