 Total per month Rs 64.

2. Mr Hardaker thinks that the proposed contingent allowance of Rs 28.2. a month will be sufficient for the ordinary requirements of his office, but he points out that it will not cover expenditure on account of House Rent by which I presume he means the Rental of the Depot building. a separate provision will have to be made for this as also for the purchase of office furniture which is estimated to cost Rs 50.

salary should be Rs 30 a month instead of Rs 30 as originally proposed and I recommended that his pay be Rs 30 only.

3. Mr Hardaker proposes to entertain instead of a second clerk, three additional peons, and I support this proposal too, as it will be impossible for one peon to watch the Coolies when they are in the depot, carry letters &c and accompany Emigrants on boardship. At least 4 peons are required and as they will be wanted immediately the Depot is opened, which will be shortly, I request the early sanction of Government to the entertainment of three additional peons. A Joty may be entertained on Rs 6, this sum being the usual pay of a Joty. The following is therefore the scale of establishment proposed by me.

Sir,

Sir,
With reference to your letter no. 1046
dated 22^d February, 1890, I have the honor
to report that I have communicated with
Mr. Hardaker and to forward a letter
which he has written to me in which he
proposes certain alterations in the proposed
staff of the S.S. Emigration Depot.

2. You will see from his letter that he is confident that one clerk on \$35 can do all the clerical work of his office. Mr. McGregor too appears to be of the same opinion and I therefore endorse Mr. Hardaker's proposal that only one clerk be entertained. I do not however see any good reason why his
