the cost of Medical stores calculated at
the stock book rates in the case of all
payment issues, in accordance with the set
of rules given on page 4 of the Rules above
referred to. The percentages are not noted in
the price lists framed in this Office
presumably the former price lists alluded
to by the Medical Storekeeper are those
made out in his office and distributed to
Local Fund and Municipal Institutions which
contains prices of such articles only as are
usually supplied to those institutions, and
in these price lists the percentages in question
are inserted for the information and guidance
of the officers to whom they are distributed.

Order. — The foregoing report from the
Controller of Military Accounts, Poona, forwarded
to the Public Department, for information
with adherence to para 2 of O.G. N^o 99
dated 11th February 1890. (Srue Extract)

Attest
Secretary to Government

Madras, N^o 375), dated the 4th December 1889
and its accompaniment.

The entry in the revised
price list prepared in this Office referred to
by the Surgeon General with the Government
of Madras is as follows.

The rates for the English
articles are the English Invoice rates at
par plus 10 percent for packing, freight
and landing charges.

"2" This simply explains how the
stock book rates have been arrived at and
is strictly in accordance with the rules
(page 1) for the calculation of stock book
rates published by the Government of
India with their letter N^o 3.48-B, of 14th
March 1888 and communicated with
Madras G. R. N^o 1828), of 14th March 1888
and is not therefore opposed thereto as
considered by the Surgeon General.

"3" The 20 percent to cover deterioration
and other charges and also percentages for
loss by exchange, &c., are still added to
the
