With reference to L. O.

have the honor to observe that
since the date of Sir Charles
Bliss's visit a Hospital Assistant
has been posted to the Project.

What is chiefly wanted is
proper inspection & medical control
of the hospitals & in this matter
I have of course no power. The
only inspection since the opening
of the work was a brief visit
by an Assistant Surgeon who
came & went without any communication

either

either with ^{let} Longlot or myself,
and neither of us knew of
his visit till after he was
gone.
