Sir,

In reply to Government Reference on No. 68 dated 11th Instant, I have the honor to report that the articles in question have been correct, valued by the Sahib Sheristadar of Tirumalai who had them tested and weighed in his presence by a goldsmith. I inspected them myself and do not consider they have been under valued as the whole lot is of the most tawdry and common kind.

2. The earring under reference is a very small one and contains a mock pearl of no value. The gold used is of inferior sort being only 6

touch

pieces and weighs $\frac{1}{16}$ of a pagoda weight. It
has therefore been correctly valued at 4 annas.

3. I regret having to trouble Government at
all about so trivial a matter but as the
value of the articles came to a little over Rs 10,
I was bound under the provisions of the Act
to report it officially.

I have the honor to be,

Sir,

Your most obedient servant,

Wm. J.
