WITH THE GOVERNMENT OF MADRAS,

From

THE SURGEON-GENERAL WITH THE

GOVERNMENT OF MADRAS,

FORT ST. GEORGE,

To

THE Chief Secretary to Government
Public Department

SIR,

I have the honor to forward for the favorable consideration of Government the accompanying letter from the Senior Medical Officer General Hospital proposing that the servants of the hospital be supplied with clothing free of charge.

2. The desirability of providing the servants of the General Hospital with a distinctive dress was recommended by the Special Hospital Committee in para 10 of its recommendations embodied in G. O. No 820 of 23rd July 1874, but somehow or other the question does not appear to have been taken up at the time.

3. The scale of clothing now suggested by Brigade Surgeon Sibthorpe seems to meet the requirements of the case, and the cost per annum - viz Rupees 572 is very moderate and bears no comparison with

what Government has to spend in connection with the Army Hospital Native Corps for uniform.

4. It is very essential in the interests of the hospital that the servants belonging to it should be neat and clean and all clothed alike. At present they are generally indifferently clad, and cannot be asked to supply themselves from their small salaries with uniform. The concession sought for, if granted, would greatly improve the appearance of the men and render those coming in direct contact with the sick more acceptable to them.

I have the honor to be
Sir

Your most obedient servant

James M.B.C. I.E.

To,
The Secretary to the Surgeon General
with the Government of
Madras

Sir,

With reference to your Memo
No 6301 dated 18 November 1889,
I have the honor to submit, after
careful consideration, a provision
of clothing for the servants of the
hospital

2. I have laid before me the
Standing Orders relative to the supply
of clothing to the Army Hospital
Native Corps. I have found that
it would be very expensive to place
our men on the same footing. Neither
is it necessary to allow our men the
same privileges as are given to those
whose terms of enlistment are dif-
ferent and who are liable to proceed
on foreign or field service.

Lg

3. If our ^{men} placed on the same footing as the Army Hospital Native Corps, the outlay on account of clothing would be as follows:-

On enlistment for summer uniform and general kit, for 92 men @ Rs 15 each	Rs. 1380
Biennial supply of winter clothing for 92 men @ Rs 9.7. 1885 ³ / ₄	
Annual half mounting allowance in lieu of summer clothing, which ceases with the first issue, and for the maintenance of the Annual Kit & ¹ / ₂ for 92 men @ Rs 2.5 Rs.	230
Proportionate allowance of 3 annas and 4 pies for each month's service to Hospital attendants of less than 18 months service - for, say, 20 men	50

Accordingly, excluding the grant on enlistment, the net annual cost will amount to about Rs 1223, or an average of Rs 14 per man.

I have, however, in the scale now submit for sanction, provided summer clothing to be issued annually to the whole of the servants, excepting the 1000 lies, at an estimated cost of about Rs 572 per annum, or an average rate of Rs 6 ¹/₄ per man. The quantities and quality of clothing

Bricklayers.

clothing, the ^{men} had arranged according to the nature of work and requirements of each class of the servants and I have, for the purpose of identifying our servants by their uniforms, included those noted in the margin amongst those the Surgeon General has already considered entitled to clothing.

5. As these proposals will involve additional cost, the sanction of Government will be necessary. The question was originally raised by the Hospital Committee, vide G.O. of the 23 July 1874, No 520, and has never, to my knowledge, though the question has often been referred to been placed in a complete form before the Surgeon General.

6. An Estimate showing in detail the cost of the proposed clothing is also enclosed, and your Memo under reference is returned as requested.

I have the honor to be,
Sir,
