His Ex^{ty} says yes

please telegraph to
Dr. Reeves to make the validation
order on Dr. Cornish as
proposed. His Ex^{ty} will speak
about the new appo^t.

be made. Yours sincerely
Jure

For the C.S.

The word ma
should ^{now} be sub.
for special
the best thing
the word specie
in the fourth line
must stand, as
it has been
accepted by the committee.

Will you please
alter it yourself. If
other it can
be struck off.

I think "particular"
would be a
better word. It
is near "specie"
than "ma".

I regret that I cannot join in this order. Dr. Bidie's services as an amateur scientist to Govt. have not been such as to ^{earn for} ~~deserve~~ such an acknowledgment nor has his administration as Surgeon General been at all successful or such as to ^{deserve the} ~~earn the~~ confidence either of the Govt. or of the department.

or, hang out more 3 lines
my, especially as Sept 40

I do not see why Dr. Bidie
should have a veto
over the board marked
in this. He has to sign the
left on the word especially
substituted as proposed by the
Chief Secy. - He can't
turn top at the word "veto"

I concur in the issue of the
order, with the alteration proposed
by Chief Secretary and the omission
of the last three lines as proposed
by the Honble Mr. Garstin - C

Order: - 18 April 1900 No 296

his labours to develop
the economic products
of the Country were

The above order is prepared ac-
cording to instructions. Once drafted
for order and submitted
12/4 as regards Archdeacon Drury

General Smiley, Colonel Tennant
Dr Cornish, Chamberlain & Mr
Hammett. There was no such
order in the cases of Dr Funnell
of Dr Smith; but Dr Bidie was
a C.I.E. & distinguished himself
with regard to economic products
& exhibition, as well as the coffee
leaf disease
