My dear Mr. [Name]

I have been recom-
mended to take furlough
to Europe, if that is not
possible to take a sea voyage
during the vacation. I in-
tend to act on the latter
advice first & it is all probable
shall visit Java, leaving
Madras about the 15th prox.
I much [Name] like to
inspect the Chinese [Name] plan-
tation & the works in connection
therewith & the attainment of
my wish [Name] doubtless be
much facilitated by an offic-
ial recommendation to the
Netherlands India government.
Might I therefore beg you to favor
me with a letter which would
