FOR ORDERS.

The revision of the hiljiri
game act is under con-
sideration & if necessary
this current can await
the orders of the draft
revised act now being
put into type. There appears
to be no particular reason
however why the current
should not be dealt
with at once & it is
accordingly submitted
for orders.

Before protecting the trout
it might be advisable to wait
& see if they hatch out.
Out of the last batch of
10,000 trout ova put down
only 2,000 hatched out & of
these all but 17 died forthwith.
