PUBLIC SECRETARY

Sir,

I have the honour to request that you will be good enough to order enquiries to be made about the present whereabouts of an inscription on three copper plates, a facsimile and transcript of which have been published by the late Dr A. Burnell in his South-Indian Palaeography, 2nd edition, Plate XXVIII and p. 137 f. According to Dr Burnell (l.c. p. 137) "the document was found near Viragapatam in 1867, and is now (?) in the Government office at Madras." As Mr J. F. Fleet of the Bombay Civil Service has written to me that he is very anxious to republish the inscription from the original plates, I request that, if these
