The Marginal statement shows the prices at which

1888-89 — 1889-90			rice was purchased in each month of the 2 years under Comparison. From this it will be seen that very unfavourable prices had to be contended against throughout the year, more especially so during the latter half of the Official year, rain having kept off in October last.
April 1889	32 ² / ₃	32 ¹ / ₃	
May	32 ¹ / ₃	33

March	32 ¹ / ₃	28 ¹ / ₈

The average difference in the price in the year is one measure and a quarter but difference between the first and the latter half of the year 1889-90 is nearly 4 measures, pagoda and rice was purchased nearly 100 pagodas every month and hence 4 measures per month were lost. —
As the season in the latter half of the year. The gain must have been considerable if the prices been as uniform as it had been in 1888-89.

Raw rice or money doles was granted in the Institution during the year.

6— The total number of Out-door paupers receiving relief in the shape of Cooked food, Raw rice and money doles was 3516 giving a monthly average of 293 against 3603 or a

4— There were, all told 3590 paupers against 3673 in 1888-89, and the average expenditure per mensem was 377-14- against a monthly average of 417-8-1 in the preceding year. The marginal statement shows the monthly averages of expenditure for ten years. It will be seen that with the exception of one year, 1887, in which the average was very low which is attributed to the post of Superintendent having been vacant for nearly 3 months the monthly average expenditure has never been so low as in the year under report. Differences in the averages of the 2 years is not Rupees 40 per mensem. Calculating the Coereach pauper per mensem it is Rupees 1-2 against Rupees 1-5-10, or Anna 1 less 8 less than that in the preceding year.

5— The following abstract statement of the number of paupers to whom relief in the shape of Cooked food,

Monthly averages	
1881	404-1-10
1882	398--2
1883	415-4-6 1/2
1884	405-8-6 1/2
1885	403-7-5
1886	402-7-7 2/3
1887	348-15-9 1/2
1888	404-14-11
1889	417-8-1
1890	377-14--

a monthly average of 300.25 in the preceding
year. The number of inmate paupers who
received Cooked food twice a day as well as
clothing once a year and who were lodged
in the Institution was 74, against 70 in
the previous year. On the date of this
report the number on the rolls of this
class of paupers is 13 who are fed daily.
It was once said, and said very truly also,
that there was reluctance on the part of
paupers to accept indoor relief. Efforts
have been made to remove this feeling
and the Institution accommodates at
present 13 of them - a number which
was never attained to in any preceding
year, and a number larger than which
the Institution has no accommodation for.
Not only has the number been increased
but no pains are spared to make them
happy - It is hoped that there may be no
casualties amongst them for some years at least

and that they may continue to be as happy
as they are at present. It will be observed
that there has been a decrease in the number
of paupers under all heads, the only
exception being that of inmate paupers
where there has been a slight increase
of 4 paupers. During the whole year
there has been a decrease of 87 paupers
under all classes, and the decrease in
the total expenditure has been about
Rupees 475. This favourable result
under adverse circumstances is due to
better arrangements made for the
purchase of rice and other provisions
and to a close supervision of the daily
and monthly issues.

7— Under the head of Contingent
Charges also there has been a decrease of
Rupees 62. 5-4 Compared with the preceding
year. This is due partly to the nonemployment
of an extra gardener for nearly 7 months

for cultivating the gardens attached to the Institution, and partly to the very economical manner in which the regular Contingent expenses of the Institution itself were met.

8 — The decrease of Rupees 36. 5. 8 in the Cost of the Establishment, or Servants' wages, is owing to places of two Servants being temporarily vacant.

9 — When His Highness the Maharajah Solkar visited Madras in June last he was pleased to grant a donation of Rupees 300 towards this Charitable Institution. This sum with the sanction of Government, he invested in Government Promissory Notes the interest being utilized for the general purposes of the Institution.

10 — The following shows the Casualties and admissions during the year.

	Deaths	Transfers to Dismissals	Admissions
Cooked food recipients.	13	15	30
Raw rice	10	13	30
Honey doles	"	1	"
Female paupers.	1	8	16

* This pauper was absent in February but appeared again in March.

Most of those shown under head "Dismissals" are transfers to the Raw rice list as they were too old and infirm to attend the Institution every day to receive Cooked food.

As the prices were high and are still continuing to be so, Care was taken to keep the expenditure within the sanctioned grant, viz, Rupees 400 per mensem. When prices go down a little the number of the paupers will be increased by new admissions from the list of deserving Candidates.

11 — The Cost of the distribution of Raw rice to the Musselman paupers nominated by the Paymaster of Carnatic Stipends under G. O. 788 dated 7th November 1885. B.L. amounted to Rupees 591-14-1 as detailed below. There were 2 deaths and 3 admissions and one pauper was absent for 3 months consecutively during the year.

12. — As there is a balance amounting to Rupees 1392-12-7 - including the donation given by His Highness the Maharajah Holkar to Credit of the Institution I venture to suggest that with the approval of Government Rupees 1000 may be invested in Government Securities leaving Rupees 392 as a permanent advance for the expenses of the Institution.

13. — The number of Mussulman paupers of Bangalore and Triplicane who receive money doles was on the 1st April 1889 -

35 females receiving Rupees by — " —

2 males — " — " — 2-8-

One of the male paupers took 6 months leave to go to Vellore in December 1888 but did not appear after the expiry of the leave. He has been struck off the Rolls.

The number that stood on the Rolls on the 31st March 1890 was -

34 females receiving Rupees 65 - " -

1. Male — " — " — 2-8-

One female pauper is absent from the month of March 1890 and another female pauper died on 17th July 1889.

To The Chief Secretary to Government,
with the Governor,
Stourhouse Hill.

Sir,

I have the honour to forward
the Administration Report of the
Triplicane Langarkhana for the
year 1889-90.

2 — During the whole year this
Institution has been admirably managed
by the Assistant Commissioner Mr. Vinayaga
Kundalior who has given his close —
personal attention to all details.

3 — Owing to uncertain prospects
it has been necessary to keep the
expenditure as low as possible to provide

1

a small margin for any greater rise in prices.

4 ——— Thanks to the generosity of His Highness The Maharajah Holkar there is a balance to Credit of Rupee 1392.12.7 and I beg to support the Assistant-Commissioner's recommendation that Rupees 1000. be invested in Government Securities.

5 ——— When market-prices improve advantage will be taken of the opportunity to admit, cautiously, more Candidates for relief, and to work the Charity to the greatest extent of usefulness compatible with prudence

6 ——— I regret to be obliged to add that the report regarding Mr. Vennasamy Mudaliar the Superintendent of the Almshouse have not been satisfactory and but for Mr. Vunayaga Mudaliar's judicious

personal care the result would not have been so satisfactory.

I have the honour to be
