GOVERNMENT OF MADRAS.

PUBLIC DEPARTMENT.

READ—the following paper :—

From Colonel T. WELDON, C.I.E., Commissioner of Police, Madras, to the Chief Secretary to Government, dated Madras, 4th June 1890, No. 56.

I have the honor to forward the administration report of the Triplicane Langarkhana for the year 1889-90.

2. During the whole year, this institution has been admirably managed by the Assistant Commissioner, Mr. Vinayaga Mudaliar, who has given his close personal attention to all details.

3. Owing to uncertain prospects, it has been necessary to keep the expenditure as low as possible to provide a small margin for any greater rise in prices.

4. Thanks to the generosity of His Highness the Maharaja Holkar, there is a balance to credit of Rs. 1,392-12-7, and I beg to support the Assistant Commissioner's recommendation that Rs. 1,000 be invested in Government securities.

5. When market prices improve, advantage will be taken of the opportunity to admit, cautiously, more candidates for relief, and to work the charity to the greatest extent of usefulness compatible with prudence.

6. I regret to be obliged to add that the reports regarding M. Veerasamy Mudaliar, the Superintendent of the Alms-house, have not been satisfactory, and but for Mr. Vinayaga Mudaliar's judicious personal care, the result would not have been so satisfactory.

ENCLOSURE.

From M. VINAYAGUM MUDALIAR, Esq., Assistant Commissioner of Police, Madras, to the Commissioner of Police, dated Madras, 3rd June 1890.

I have the honor to submit the following annual report and statement of receipts expenditure of the Triplicane Langarkhana for the official year 1889-90 :—

Total	..	..	..	..	4,534	8	11
Leaving a balance of	..	..	..	..	1,392	12	7

The following statement shows the prices at which rice was purchased in each month of the 2 years under comparison :—

12) $383\frac{1}{3}$ 12) 369

4. There were allotted 3,590 paupers, against 3,673 in 1888-89, and the average expenditure per mensem was Rs. 377-14-0, against a monthly average of Rs. 417-8-1 in the preceding year. The marginal statement shows the monthly averages of expenditure for 16 years. It will be seen that, with the exception of one year, viz., 1887, in which the average was very low, which is attributed to the post of Superintendent having been vacant for nearly 3 months, the monthly average expenditure has never been so low as in the year under report. The difference in the averages of the

5. The following is an abstract statement of the number of paupers to whom relief in the shape either of cooked food, raw rice or money-dole was granted in the institution during the year :—

1888-89	..	..	..	..	..	..	1,711	1,676	216	70	3,673
---------	----	----	----	----	----	----	-------	-------	-----	----	-------

7. Under the head of contingent charges also, there has been a decrease of Rs 62-5-4 compared with the preceding year. This is due partly to the non-employment of an extra gardener for nearly 7 months for cultivating the gardens attached to the institution, and partly to the very economical manner in which the regular contingent expenses of the institution itself were met.

9. When His Highness the Maharaja Holkar visited Madras in June last, he was pleased to grant a donation of Rs. 300 towards this charitable institution. This sum will, with the sanction of Government, be invested in Government promissory notes; the interest being utilized for the general purposes of the institution.

					Deaths.	Transfers, dismissals.	Admissions.
Cooked food recipients	..	..	..	..	13	15	30
Raw rice	..	..	..	..	10	13	30
Money-doles	..	..	..	..	..	*1	..
Inmate paupers	..	..	..	..	1	8	15

Most of those shown under head "Dismissals" are transfers to the raw-rice list, as they were too old and infirm to attend the institution every day to receive cooked food. As the prices were high and are still continuing to be so, care was taken to keep the expenditure within the sanctioned grant, viz., Rs. 400 per mensem. When prices go down a little, the number of the paupers will be increased by new admissions from the list of deserving candidates.

11. The cost of the distribution of raw rice to the Mussulman paupers nominated by the Paymaster of Carnatic Stipends under G.O., dated 7th November 18 5, No. 788, Political, amounted to Rs. 591-14-1 as detailed below. There were 2 deaths and 3 admissions, and one pauper was absent for 3 months consecutively during the year.

Total ..	591 14 1
----------	----------

12. As there is a balance amounting to Rs. 1,392-12-7 including the donation given by His Highness the Maharajah Holkar to credit of the institution, I venture to suggest that, with the approval of Government, Rs. 1,000 may be invested in Government securities, leaving Rs. 392 as a permanent advance for the expenses of the institution.

13. The number of Mussulman paupers of Mylapore and Triplicane who receive money-doles was on the 1st April 1889—

[illegible]

One of the male paupers took six months' leave to go to Vellore in December 1888, but did not appear after the expiry of the leave. He has been struck off the rolls.
The number that stood on the rolls on the 31st March 1890 was—

[illegible]

One female pauper is absent from the month of March 1890, and another female pauper died on 17th July 1889.

ORDER—dated 5th July 1890, No. 485, Public.

With the foregoing letter, the Commissioner of Police submits the report on the working of the Triplicane Langarkhana for the year 1889-90. The subjoined abstract exhibits the transactions in one view during the last three years:—

2. It is observed that the number of paupers relieved has been gradually diminishing, and that, owing to the efforts of the Assistant Commissioner to reduce outlay under every item of expenditure, the average monthly cost per pauper fell from Rs. 1-4-6 in 1887-88 and Rs. 1-5-10 in 1888-89 to Rs. 1-4-2 in 1889-90.

3. It is explained that the market prices of rice, the staple article of consumption, rose so high that nearly 400 measures were lost to the institution every month during the latter half of the year, and that, in consequence, care was taken to restrict the expenditure and the number of admissions even among deserving candidates. The Commissioner of Police, however, hopes to be able, with more favorable prices, to extend the sphere of usefulness of the charity.

4. The proposal to invest Rs. 1,000 in Government securities is approved. This will raise the capital of the institution to Rs. 3,000.

5. A sum of Rs. 592 was spent in 1889-90, against Rs. 583 in the previous year, on account of the Mussulman paupers nominated by the Paymaster, Carnatic Stipends. The maximum number (40) was entertained during seven months of the year.

6. There were 35 paupers belonging to Triplicane and Mylapore, who received money-doles of Rs. 67½ at the close of the year.

7. The Government concurs with Colonel Weldon in his remarks with regard to the management of the Langarkhana by the Assistant Commissioner.
