Sir,

I am directed to request that with the permission of the Executive Council you will be good enough to inform the Government of India whether the Government of Madras can spare the services of Commissioned Medical officers to replace the Bengal officers now serving in the Central Provinces. The Madras medical Establishment is recruited to provide Civil Surgeons in the Central Provinces and at present there are only 3 officers belonging to the Madras medical service employed in those Provinces.

I have the honour to be,
Sir,

Your most Obedt Servant,

J. P. Hewett.

To

THE CHIEF SECRETARY TO GOVERNMENT,

Public DEPARTMENT.

SIR,

In returning the letter from the Government of India regarding the remarks under your endorsement of the 9 June 1890, I have the honor to report for the information of Government that there are many Medical Officers desirous of employment in the Central Provinces, and with many desire to comply with their request and to provide the number of officers sanctioned for those Provinces. I regret that at present I find myself unable

to do so owing to the paucity of
Commissioned Medical Officers
at my disposal.

2. Government will observe from the Correspondence embodied in the G. O. marginally quoted that the strength of the Commissioned Medical Officers sanctioned in G. O. No. 1336 Public of 8 June 1885 has been found to be utterly inadequate to meet the requirements of this Presidency.

3. I would state for the information of Government that at present 12 Civil Stations in this Presidency are now held by uncommissioned Medical Officers as a temporary measure for want of Officers of the Commissioned Grade, and the

Military Department to which application was made for the Services of some of the Officers who have returned from the Chin Expedition has been unable to liberate more than one Officer for Civil employment although as pointed out in the Correspondence quoted above, it has under its orders a large number of Officers in excess of the allotment sanctioned by G. O. of 8 June 1885 No. 1336-P.

4. I shall address Government separately in the Military Dept. as to a view to the question of increase of the Establishment being taken up at once; as soon as this is done or the Military Department is able to spare more Officers, I shall be

in a position to meet the requirements
of the Central Provinces.
