30TH JANUARY 1890, No. 59, PUBLIC.

GOVERNMENT OF MADRAS.

PUBLIC DEPARTMENT.

READ—the following paper :—

From A. P. MacDONNELL, Esq., c.s.l., Secretary to the Government of India,
Home Department (Public), to the Chief Secretary to the Government of
Madras, dated Calcutta, 13th January 1890, No. 1—42.

In Home Department Resolution (Public) No. 28—1579-95, 'dated 15th July 1887, the Governor-General in Council issued orders regarding the preparation of annual reports and notes on branches of administration under the control of the Home Department, and expressed his earnest hope that Local Governments and Administrations would insist on the curtailment of reports and reviews to the utmost extent consistent with a proper examination of the facts and figures presented in them.

2. His Excellency in Council has noticed with much satisfaction that since the issue of these orders the size of reports has been substantially reduced, while the character of their contents has been sensibly improved. But there is still room for improvement in both respects, and there is no doubt that if punctuality in the submission of reports were more rigidly insisted upon, it would be possible to still further improve and at the same time condense them. There is a tendency on the part of officers engaged in preparing reports to search for explanations of trifling variations between the statistics of different years, while one of the chief uses of the tabulated statistics, viz., to correct or justify the impressions which the reporting officer has formed in the course of his observation during the year of the work of the department on which he is reporting, is too often lost sight of. His Excellency in Council is satisfied that the proper remedy to apply is to insist on the preparation of reports or notes, as the case may be, at the time when the impressions of the work of the year are still fresh in the minds of the writers, and when they can readily record the facts which have arrested their attention during the year instead of casting about for problematical explanations of the differences between the statistics of different years.

3. The Governor-General in Council has, with the object of effecting an improvement in this respect, had two lists prepared copies of which are appended to this letter, showing (1) the dates already fixed for some reports and returns received in this Department and the actual dates on which they have been received from the Madras Presidency during the past three years, and (2) the reports and returns, for the submission of which no dates have as yet been fixed, the dates on which they also have actually been received in the last three years and the dates on which it seems reasonable to the Government of India to expect their punctual submission. His Excellency in Council is anxious that these lists should, under the orders of His Excellency the Governor in Council, be carefully scrutinised, and that any additions or corrections necessary should be made in them, and any suggestions for the alteration of dates already fixed or now proposed should be communicated for the information and consideration of the Governor-General in Council. His Excellency in Council will also be obliged if particular attention is paid to the possibility of fixing substantially earlier dates for the submission of the commentaries in the shape of notes which have, under the orders in the Resolution of 15th July 1887, taken the place of annual reports in two out of every three years in certain cases. As at present advised he thinks that such notes can be submitted two months earlier than the triennial Reports on the same subjects, but upon this point he will await your reply before issuing final orders.

REVENUE DEPARTMENT.

PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following Proceedings

of the Board of Revenue / Land Revenue dated
21st Feb 1890 N^o 102, an Indorsement of Govt.
Revenue Department, dated 21 Feb 1890
N^o 990 and G.O. dated 30 Jan 1890 N^o 59 P.O.
Resolution.

Of the several reports referred
to by the Government of India, the
following three are submitted by the Board

(1) The Revenue Administration
Report due to the Government of India on
the 15 December.

(2) Report on the distribution of
militia awards and such as which the
Government of India wishes to be submitted
to it as soon as possible after the close
of the Calendar year to which the report
relates.

(3) Return of Locks etc.
As regards the Revenue Adminis-
tration Report, the date fixed for submis-
sion by the Board is the 15 Sept.
and the Board think that it may stand.

3. The report on the distribution of
militia awards is due in this office

on the 31st January. The date on which
the Board's report is due under existing
orders is 1st March. The Government of
India wishes that it should be sub-
mitted by the end of February at the
latest. As there is always some delay
in receiving the district reports, the
Board of Revenue may not always be
able to submit its report at
an earlier date. But it will endeavor
not to delay it beyond the date now
fixed.

No date has been fixed for
the submission of the statement
of expenditure. The Government of India
wishes it to be submitted on the 1st
June. Collectors will be requested
to despatch their statements so that
they may reach the Board's office
before the 1st May. The Board will
endeavor to submit its consolidated
statement by the 20th of May at the
latest so that it may be forwarded
to the Government of India as soon
as possible on 1st June.

Order thereon; 1st March 1890. L. 1492

25TH APRIL 1890, No. 963 L., LOCAL AND MUNICIPAL.

GOVERNMENT OF MADRAS:

LOCAL AND MUNICIPAL DEPARTMENT.

READ—the following paper :—

G.O., dated 30th January 1890, No. 59, Public.

ABSTRACT.—Communicating to departments concerned letter from the Government of India regarding the dates for submission of annual reports and returns.

ORDER—dated 25th April 1890, No. 963 L., Local and Municipal.

The reports dealt with by the Local and Municipal Department are the following :—

- (1) Local Boards Report,
- (2) District Municipalities Report,
- (3) Madras Municipal Report,
- (4) Sanitary Report, and
- (5) Vaccination Report.

The Government of India has already fixed the 1st June for the date for the submission to it of the fourth report, and now suggests that it might be possible to submit the first three reports by the 1st October and the last by the 1st July.

2. As regards the Local Boards Report, it is observed that, although the reports of the various District Boards are due in this department by the 15th July, yet inordinate delay on the part of the Boards is so frequent, and the statements submitted along with the reports are often so incomplete, that it is not possible to submit the general review in its present form to the Government of India before the 1st of January. But as that Government requires only a brief report in explanation merely of the statements prescribed in its Resolution, dated 4th January 1890, No. 1-R—1-12, there will be no difficulty in submitting such a report by the 1st November, provided the two statements called for from the Accountant-General in G.O., dated 28th February 1890, No. 443 L., are received by Government not later than the 1st October; and the Accountant-General will be requested to make the necessary arrangements for this.

3. The reports of the various District Municipalities are due with Government by the 1st June, but delay in the preparation of these bodies is even more frequent than with the District Boards and the statements are prepared with still greater carelessness, so that it will not be possible to submit the General Municipal Review to the Government of India before the 1st of January.

4. Under section 12 of Madras Act VII of 1884, the Madras Municipal Report has to be submitted to Government "not later than the last day of November or such other date in every year as may, by notification in the *Fort St. George Gazette*, be fixed by the Governor in Council." But there is apparently no reason why this report should not be submitted to Government by the 1st of September, so that it may be reviewed and sent up to the Government of India on the 1st of October, as desired. The following notification will accordingly be published in the *Fort St. George Gazette* :—

NOTIFICATION.

Under section 12 of Madras Act VII of 1884, His Excellency the Governor in Council is pleased to fix the 1st of September in each year as the latest date on which the Administration Report of the Madras Municipality should be submitted to Government.

5. The Sanitary Report is now due with Government on the 1st June; but as the Government of India has fixed the same date for the submission of the report to that Government, it will be necessary for the Sanitary Commissioner to submit his report to Government by the 1st May at the latest. This, however, does not seem feasible, as the Commissioner has to obtain information on several points from Local Boards and Municipalities, which they are as dilatory in furnishing to him as to Government. The Government of India will therefore be requested to extend the date fixed in this case to the 1st July. The Sanitary Commissioner will be requested to make the necessary arrangements for submitting his report to Government punctually on the prescribed date.

6. No time has been prescribed for the submission of the Vaccination Report to Government. The 1st of June will now be fixed as the latest date on which the report should be received by Government, so that it may be reviewed and submitted to the Government of India by 1st July as required. This is the only case in which the submission of brief notes with statistical returns twice in every three years, instead of a full report, is permitted; but these notes, too, it will be impossible to submit to Government of India before the 1st July.

Madras, 26th February 1890.

No. 1876

From

D. Duncan Esq. M.A. D.L.

~~H. B. GRIGG, Esq., M.A., C.I.E.,~~

DIRECTOR OF PUBLIC INSTRUCTION,

Madras,

To

The Honorable the Chief Secretary
to Government,
Fort Saint George

SIR,

In returning the current reference
No. 123 of 12th instant Educational, I
have the honor to state that special
arrangements will be made for the
submission of the annual report
on Public Instruction in future by
the first week of November, if not
earlier, so that it may reach the
Government of India by the 15th idem.

2. As regards the Medical
College Report, the date fixed in G.O.
No. 310 of 26th March 1888, Public, viz.,
10th July, is the earliest date that can

fixed, if the results of the final examinations which are invariably held at the College in the latter part of June, are to be incorporated therein as usual. The College Report, though prepared for the official year, is not generally submitted until after the results of the various examinations are known.

3. No difficulty will be experienced in the submission of the Report on Publications registered under Act XXV of 1857, by the date fixed - 15 March.

I have the honor to be
Sir
Your most obedient servant
S. Srinivas
Ag. Director of Public Instruction

Transferred to the Public
Department.

A. G. Cardew.

Under Secretary

In replying to the Govt. of India it will be well to abstain from holding out the smallest hope that the review on the Educ. Rept. can be sent only by the 1st Dec. There is no objection to send on the Report directly the Director submits it, but the review must be dealt with at leisure. That of 88-89 is now not passed, tho' the draft reached the Chief Secy. on the 21st Dec. It is, therefore, useless to suppose that in future it can be got out in less than 2 mth of date of receipt in this office.

ENCLOSURE
CHIEF SECRETARY
21 MAR 90
Subject. GOVERNMENT OF MADRAS

Returning with remarks
Current Reference No. 13
of 12 February 1890, 88
Regarding the dates of sub-
mission of the Public
Instruction and Medical
College Reports and of
the Report on Registered
Publications.

these reports ~~is~~ ~~for~~ ~~the~~ Government at
10 September after the close of the
calendar year for which they are due,
and ~~this~~ ~~decision~~ was no doubt arrived at
after a full consideration of the vast amount
of labour involved especially in the preparation
of the Hospital and Dispensary Report.

3. I may mention for the information
of Government that there are now nearly
400 hospitals and dispensaries in this
Presidency and their statistics are not
sent before the end of January. These
statistics which comprise 5 statements for
each dispensary or about 2000 statements
in all, have to be carefully checked before
they are compiled. It then, often happens
that a very large number of returns
have to be sent back for alteration

and revision, so that the correct
statistics are not collected till about
the beginning of April. Compilation
is then taken in hand and this tedious
process which extends over 100 printed
pages occupies fully 4 months. When
this is completed the statistics are sent
with the draft report to the Press which
takes nearly two months to turn out the
work, as proof sheets of statements
have to be carefully examined and
checked.

4. Government will thus see that
it does not appear practicable to submit
the Report on the 1st July, but
endeavours will be made to submit the
Report this year as early as possible.

5. The Lunatic Asylum Report
can be submitted on the 1st July
and not 15th May as proposed by
the Government of India.

I have the honour to be,

SIR,

Your most obedient Servant,

[Signature]

Under-Secretary to the Govt. of India.

Office of Sanitary Commission
No. 2252 Fort St. George 24 June 1890

From

Surgeon Major of the King
Sanitary Commission
Madras

To

The Chief Secretary to Government
Local and Municipal Dept.
Madras

In forwarding the explanation
received from the Inspector of Vaccination
and Deputy Sanitary Commissioner
regarding the delay in
submitting his Annual Report
on Vaccination, I have the honor to
state that I fear it will not be
found possible to submit my
Annual Report on Vaccination on
the date fixed (1st June) and would
solicit that some relaxation of
this rule be made.

The Inspector of Vaccination
and Deputy Sanitary Commissioner
states that it will take 6 weeks to
draw up and print the General
Report after the last of the reports
and returns is received and I am
quite

No. 986

1890

53

Communication to the
Sanitary Commission
Reports & returns.

quite of this opinion. If therefore
the report is to be forwarded to
Government by 1st June it will be
necessary that all the reports
and returns required by the Inspector
of Vaccination and Deputy Sanitary
Commissioner should be received
by him by the middle of April and
this I think cannot be expected.
Thus in the case of the annual
reports from the Deputy Inspectors
of Vaccination of the Ganjam Hill
Tracts and Ganjam District they
will have to be despatched by the
7th April to the Inspector of Vac-
cination and Dy. Sanitary Commis-
sioner, as the time taken by
the post to reach Madras from
the Ganjam Hill Tracts is on an
average quite a week. It must
be remembered that for the Deputy
Inspectors to write their reports
they have to wait till the returns
for March from all the vaccinators
in their ranges are received.

Sir

With reference to your request

that I should explain the reasons

for non-submission of my annual report

for 1889-90, I have the honor to inform

you that up to this date I have not

received in receipt of the whole of the re-

ports from the Deputy Inspectors of

Vaccination and District Medical

and Sanitary Officers upon which

this must be based. It will, I

believe, after the last of the re-

ports are received, take six weeks to draw up and

print the general report.

2. Anticipating difficulty in

getting the report ready by the

time fixed by Government, viz.

Since writing this for 1889-90, I have the honor to inform
you that up to this date I have not
received in receipt of the whole of the re-
ports from the Deputy Inspectors of
Vaccination and District Medical
and Sanitary Officers upon which
this must be based. It will, I
believe, after the last of the re-
ports are received, take six weeks to draw up and
print the general report.

at 1st June, I caused reminders
of the most urgent nature to be
sent out at frequent intervals to
defecting officers, followed by
telegramms, and threats to sus-
pension in the case of obdurate suspects.
I enclose, for your information, a
memorandum which will
show you the dates of the reminders
and the dates upon which the
reports were received. Respectfully
I am of opinion, that so far as
exhibition of moral suasion
is concerned, which alone is at
my disposal, I have done every-
thing possible with my
power to meet the wishes of
Superintendent on the point.
When traced to its source,
I believe that my inspectors of
this Department are not in-
famous otherwise than in-
directly. They hold sway over
District Boards over men of
poor education, social status
and pay, whose mode of
grade or discipline fluctuate

from year to year at the will of
the various Boards, with the
result that their ideas of
promptitude in obeying orders
as to submission of returns re-
quire much forming and
subsequent careful cultivation.

I have the honor to be
Sir

Yours most obedt Servt-

W. H. Murray

^{Surgeon Major}
C. J. Suspector of Health
and of Public Forces

Fixation of dates.

the submission of annual
reports.

FOR ORDERS.

The Govt of India suggested in its letter of 13 Jan. 1890 that the annual Vaccination report should be submitted to it by the 1st July after the close of the year under report. This Govt. accordingly directed the Sanitary Commissioner to submit the report to Govt. by the 1st June. The Sanitary Commissioner now shows that this is impossible & it is submitted that the impossibility of obtaining punctuality in the submission of the returns upon which the report is based has been sufficiently demonstrated in Dr. Kay's letter. The Govt. of India makes no allowance for the

to difficulty of obtaining
information from local
sources scattered all over
country.

is very doubtful whether
of the reports due from
Dept. can be submitted
the dates given by the
Govt of India in its letter
re-quoted & even by
the dates suggested in F.O.

25-4-90 20918 d. The
Sanitary Report for example
is due with Govt of India by 1st May
but it has only just been
received - if it has yet
been received - from the
San & Comm. & the review
cannot possibly go out for
some time.

The only result of the pressure
applied by the Govt of India
will be, it is too probable,
delayed reports & heavy errors.
Admitted that as regards the
vaccination report the Govt of
India may be asked to
extend the period to 1st May.
Even that will be barely
sufficient.

9 June.

Atk.

to get this report in in the time allowed
without any delay every one will
be anxious to be carried out as early as possible
in order to be continuously benefited
think of getting it done upon 5
by a certain date and put into the
background the quality of what the
reports contain -
Dr. May & the Sanitary Comm. have
been blamed for extending the
time. Dr. May says it is practically
only moral suasion that he
has at his disposal and wishes that
for any other kind of suasion will
be unable the performance of task
is impossible. The Govt of India
makes no allowance for the difficulties
which exist, seems to suppose that there
is never such a thing as a reference
for further information or explanation
and that it is possible to overlook the
fact that servants of Govt. from
the Secretariat downwards have
other work which must be done - how
many reports or drafting returns on
them.

Note

The only reports on which
specific orders have not already
been passed by Government are

the following:-

- (i) Destruction of wild animals (Rev. &)
- (ii) Education report - (Education)
- (iii) Medical College report - (Do)
- (iv) Hospitals and dispensaries (Public)

(v) As to the first, the Board of
Revenue agree to submit it on 1st
March, but the triennial review
in the Revenue Dept. will take a
month and 1st April has been
entered for submission to India.
The last report was sent in by
the Board on 8th May and the 4th
is dated 12th June. 15th March
may be fixed for intermediate
years. (ii) The dates named by the
Under Secretary have been entered
for the Education report.

(iii) The

ct 667

To Revenue Secretary for favour
of counter-initials.

last Medical College report
dated 5th September 89 and
G.O. 25th October. The date
cribed is 10th July and
wing 5 weeks, the 15th August
tered for Submission to India.

The Surgeon General Lays
cannot submit his report
Hospitals and dispensaries
5th July: he is asked to do
by the 15th; and allowing
this for the triennial review
September is entered.

For intermediate years 1st
is named as no detailed
is called for.

G.O. 289. Public dated
3-89 fixes the date for
annual newspapers, but to
state review, Translators are
d to send reports in French.

Note

G.O. 59 Public dated 30.1.70

Public Department

N. 540. 425 July 1901

Letter to the Secretary to the
Govt of India, Home Department,
6 Little Delhi 22/7/90
6 Pms

I am directed to acknowledge
the receipt of your letter, No 1-40
dated 13th January 1890, and in
forwarding a copy of the Proceedings
of the Govt. No 524 dated 2nd Feb 1890
to state, that Column 4 of the
consolidated List attached to the
Proceedings specifies the earliest
possible date on which the periodical
reports and returns in question
can be despatched from the President
to the Govt of India in the Home Dept.
2 min. With reference to the
suggestions in the concluding part
of your letter under reply, I am to
explain that, although the submission
of brief notes for detailed reports
some cases may have afforded relief
to heads of depts, the labor involved
in compiling, verifying, correcting
proofs, examining the statistical tables

remains

remains ^{uniform} the same and takes up
early the ^{same} ^{as before} time required for the
submission of the triennial reports.

The letters of the Surgeon General, the
Military Commissioner and Deputy
Military Commissioner embodied

the annexed Proceedings sufficiently
monstrate the great difficulty in obtaining
punctual transmission of returns
from subordinate officers scattered
over the country, to whom frequent
visits are necessary to ensure
correctness and consistency in the
figures reported.

H. E. the Govt in Council has
been to apprehend that the quality
& dispatch of the reports as well as
its accuracy and completeness will
suffer, if substantially earlier
dates are prescribed, and considers
that reasonably long intervals should
be allowed to heads of departments for the
preparation of their consolidated
annual returns.

For similar reasons, the
views of the most important and

178
voluminous reports can hardly be
despatched to the Government of
India in less than 6 weeks from the
dates on which the reports are received
in the respective departments of the
Government.

25TH JULY 1890, No. 539, PUBLIC.

GOVERNMENT OF MADRAS.
PUBLIC DEPARTMENT

READ—again the following papers:—

G.O., dated 30th January 1890, No. 59, Public.

ABSTRACT.—Communicating, to departments concerned, letter from the Government of India regarding the dates for submission of annual reports and returns.

G.O., dated 1st March 1890, Mis. No. 1490, Revenue.

ABSTRACT.—Communicating Board's Proceedings reporting the dates of submission of certain reports, &c., to the Government of India.

G.O., dated 25th April 1890, No. 963 L., Local and Municipal.

ABSTRACT.—Passing orders on letter from the Government of India regarding the dates for the submission of annual reports and returns.

G.O., dated 21st June 1890, No. 1060, Judicial.

ABSTRACT.—Adopting certain dates for the submission to this Government and to the Government of India of the annual reports dealt with in the Judicial Department.

READ—also the following papers:—

From D. DUNCAN, Esq., M.A., D.Sc., Acting Director of Public Instruction, to the Chief Secretary to Government, dated Madras, 26th February 1890, No. 1876.

In returning the Current reference No. 133, dated 12th instant, Educational, I have the honor to state that special arrangements will be made for the submission of the annual report on Public Instruction in future by the first week of November, if not earlier, so that it may reach the Government of India by the 15th idem.

2. As regards the Medical College report, the date fixed in G.O., dated 26th March 1888, No. 340, Public, viz., 10th July, is the earliest date that can be fixed, if the results of the final examinations, which are invariably held at the college in the latter part of June, are to be incorporated therein as usual. The College report, though prepared for the official year, is not generally submitted until after the results of the various examinations are known.

3. No difficulty will be experienced in the submission of the report on publications registered under Act XXV of 1867, by the date fixed—15th March.

From W. FARQUHAR, Esq., M.D., Acting Surgeon-General with the Government of Madras, to the Chief Secretary to Government, dated Fort St. George, 8th May 1890, No. 404.

With reference to the correspondence referred to me for remarks under your endorsement No. 233 of the 25th February 1890, I have the honor to observe that

the Government of India suggests that the Hospital and Dispensary report should be submitted by this office on the 1st July each year and the Lunatic Asylum report on the 15th May.

2. In G.O.s, No. 663, of 30th April 1879, and No. 310, of 26th March 1888, Public Department, the date of submission of these reports is fixed by Government at 10th September after the close of the calendar year for which they are due, and this decision was no doubt arrived at after a full consideration of the vast amount of labor involved specially in the preparation of the Hospital and Dispensary report.

3. I may mention, for the information of Government, that there are now nearly 400 hospitals and dispensaries in this Presidency and their statistics are not sent before the end of January. These statistics, which comprise five statements for each dispensary, or about 2,000 statements in all, have to be carefully checked before they are compiled. It thus often happens that a very large number of returns have to be sent back for alteration and revision, so that the correct statistics are not collected till about the beginning of April. Compilation is then taken in hand and this tedious process, which extends over 100 printed pages, occupies fully four months. When this is completed the statistics are sent with the draft report to the Press which takes nearly two months to turn out the work, as proof sheets of statements have to be carefully examined and checked.

4. Government will thus see that it does not appear practicable to submit the report on the 1st July, but endeavours will be made to submit the report this year as early as possible.

5. The Lunatic Asylum report can be submitted on the 1st July and not 15th May as proposed by the Government of India.

From Surgeon-Major J. A. LAING, Sanitary Commissioner, Madras, to the
Chief Secretary to Government, dated Fort St. George, 24th June 1890,
No. 2250 S.

No. 2250 S.

In forwarding the explanation received from the Inspector of Vaccination and Deputy Sanitary Commissioner regarding the delay in submitting his annual report on vaccination, I have the honor to state that I fear it will not be found possible to submit any annual report on vaccination on the date fixed (1st June) and would solicit that some relaxation of this rule be made.

Vaccination and Deputy Sanitary Commissioner states that it

2. The Inspector of Vaccination and Deputy Sanitary Commissioner states that it will take six weeks to draw up and print the general report after the last of the reports and returns is received, and I am quite of this opinion. If, therefore, the report is to be forwarded to Government by 1st June it will be necessary that all the reports and returns required by the Inspector of Vaccination and Deputy Sanitary Commissioner should be received by him by the middle of April, and this, I think, cannot be expected. Thus in the case of the annual reports from the Deputy Inspectors of Vaccination of the Ganjam Hill Tracts and Ganjam district they will have to be despatched by the 7th April to the Inspector of Vaccination and Deputy Sanitary Commissioner, as the time taken by the post to reach Madras from the Ganjam Hill Tracts is, on an average, three weeks. It must be remembered that for the Deputy Inspectors to write their reports they have to wait till the returns for March, from all the vaccinators in their ranges, are received.

ENCLOSURES.

ENCLOSURES.

From Surgeon-Major W. G. KING, M.B., Acting Inspector of Vaccination and Deputy Sanitary Commissioner, to the Sanitary Commissioner for Madras, dated Fort St. George, 19th June 1890, No. 2181-V.

I request that I should explain the non-submission of my annual report for 1889-90. I have the honor to inform you that in receipt of your letter of the 11th inst.

Commissioner, to the Sanitary Commissioner for
June 1890, No. 2161-V.

With reference to your request that I should explain the non-submission of my annual report for 1889-90, I have the honor to inform you that up to this date I am not in receipt of the reports from the Deputy

- Since writing this letter the last of the reports of Deputy Inspectors was this-day received.

and Sanitary officers upon which this must be based. It will, I believe, after the last of the reports and returns is received, take six weeks to draw up and print the general report.

2. Anticipating difficulty as to getting the report ready by the time fixed by Government, viz., the 1st June, I caused reminders of the most urgent nature to be sent out, at frequent intervals, to defaulting officers, followed by telegrams, and threats to suspend in the case of Deputy Inspectors. I enclose, for your information, memoranda, which will show you the dates of the reminders and the dates upon which the reports were received, respectively. I am of opinion that, so far as exhibition of moral suasion is concerned, which alone is at my disposal, I have done everything possible within my power to meet the wishes of Government on the point.

3. When traced to its source, I believe that Deputy Inspectors of this department are not responsible otherwise than indirectly. They hold sway under the District Boards over men of poor education, social status and pay, whose mode and grade of discipline fluctuate from year to year at the will of the various Boards, with the result that their ideas of promptitude in obeying orders as to submission of returns require much pruning, and subsequent careful cultivation.

Circles.	Date of 1st call.	Date of receipt of report after 1st call.	Date of 2nd call.	Date of receipt of report after 2nd call.	Date of 3rd call.	Date of receipt of report after 3rd call.	Date of 1st telegram.	Date of receipt after 1st telegram.	Date of 2nd telegram.	Date of receipt after 2nd telegram.
