Public DEPARTMENT.

For orders.

No. 5098

Dated 23rd

Received 24th July 1890.

Enclosures 11.

SUBJECT.

The quarters for
the District Surgeon, Manipal.

5/7/88 No 669 For Rule—

The present building,
which was originally intended
for the Dispensary, cost
Rs. 4818; to convert it
into a residence for the
District Surgeon, an addi-
tional sum of Rs. 6538 was
sanctioned in G.O. 1814 W &
19 June 1888, so that the
existing sanction for the
Dist Surgeon's quarters may
be taken at Rs. 11,356.

The construction of the new
building, with stone & mortar
for the lower story & with
brick & chunam for the upper
cost Rs. 19,420; and entirely
with brickwork Rs. 17,000.
If the estimates are reduced
to 11,000 or 12,000 there
would, perhaps, be no
objection, as the maximum
salary of the Civil Surgeon
Manipal (a second class
station) is Rs. 950 per
month. A similar office may
be held for a long time.

Recd 12/10
I 13/1/90

The salary of 950 Rs. which is
11400 a year. of this 1/2 is
2200 - which is the balance, or
9120 Rs. is the salary which is
on balance a hundred and thirty
pounds per annum.

If the estimate is reduced by
taking away the upper story
of building the building the length
of which is estimated might be
reduced to 17000 - 4400 = 12600
This includes an allowance
about 10% for contingencies &
costs. I don't think the
plan is a good one at all within
the limit.

Right person on salary of 950 Rs.
which is 11400 = 70 a week.
The estimate is estimated
which is about 12000 Rs.
which is the same as the
estimate of the salary of the person.

4/11 = 17000 = 680
5/11 = 5 = 510
12/11 = 99

Under 11 August 1900 No. 569
The estimate will be returned
to the P.W.D. with the remark that
they should be reduced to about 5
Rs. 12000 which might be the
length of the upper story and
containing the building of
the same.

To the P.W.D. with enclosures
L.C. of the P.W.D. etc.

the Resolution from the Government
of India No. 481 B dated 7th September + G.O. No. 2981 W
1888, the initial cost of the same dated 22nd Sep. 88.
must not exceed Rs. 8712, or less than
half the estimated cost of the present
building. To bring the estimate down
to Rs. 8712 the accommodation pro-
vided must be largely reduced
and the upper story dispensed with.
