To the Chief Secretary.

Sir,

I have the honour to submit the report on
Mr. C. Venkata Jagga Rao called for in G.O.
No. 1776 dated 18th October 1889, which I was desired
by the Acting Chief Secretary, G.O. No. 1776, to defer till
my return from leave.

2. On his arrival in this district, Mr. Jagga Rao
was employed on the general duties of an Assis-
tant, opening & sorting the correspondence, examin-
ing the treasury, & before long in trying revenue
cases under Act VIII of 1865, & criminal cases
transferred to him by the Divisional Magistrate, the
Head Quarter Deputy Collector & Magistrate.
I availed myself of an early opportunity to
take Mr. Jagga Rao with me into camp in a
distant part of the district where he would be
more under my own observation. He appeared a
very poor rider though I presume he has passed
the riding school. The first day on a quick
borrowed pony he had to be held on by a person
a though he improved in this respect he never
went beyond a walk on an amble. I also found
that he was physically unfit for incapable of
much active exercise. His legs & feet are not fit
under his control, he cannot walk in rough ground
without assistance, & he could not direct his feet
to the stepping-stones over a shallow stream. He
visiting an ancient ruined embankment, which a
delicate lady with us ascended without difficulty
Mr. Jagga Rao had to be aided by two persons, &
reaching the top was so exhausted & breathless
that he could not speak for some little time.
a subsequent occasion he had to give up the

5. On our return to head quarters I transferred to Mr. Jagga Row the entire magisterial work, original & appellate, of the Head Quarter Deputy Magistrate, whose services were required elsewhere, & also all the rent cases of the division under Act VIII of 1865 & a considerable number from the Head Assistant Collector's file. This work he retained during my absence on three months' leave. I find that his office work, both magisterial & revenue, has been careful & sound & that allowing for a, since from illness there has been no undue delay in disposing of business. I enclose three statements he has sent me of the work done.

Mr. Jagger Row hired the services of the Native Assistant Surgeon - Thomas, the Civil Surgeon, was however called in three occasions, & I enclose his confidential report to me on the case, which I made at some time ago. I should desire to know if I concurred with Mr. Thomas in his opinion to indicate interference.

To sum up the opinion that I have formed of Mr. Jagga Row, I find that he is intellectually capable of discharging efficiently a considerable amount of routine duty in office. His physical & nervous weakness & incapacity & his liability to epilepsy are however so pronounced that he is quite unfit to be left alone in charge of a division of a district. I think therefore, Mr. Jagga Row is unequal to the duties that must inevitably fall to a civil servant of the Government, & concur with Dr. Thomas that he should appear before a Medical Board with a view to retirement on an invalid pension, unless there is a prospect of his restoration to sound physical health.

Yours most obedient servant,

17th July. 1890.

My dear Amund.

Mr. C. V. Jaffe

Now has been under the
Medical treatment of the
Ap. Surgeon for Fever.
Distortion of the upper left
arm. + Dysphagia.

I have seen him on 3 occasions
at his own residence viz
on 11th 14th & 21st April. The
two occasions were immediately
after he had had an Epileptic
fit at the latter. &
Subsequently for bruising

the shoulder joint follow-
ing the dislocation of
the upper arm - at the
joint =

The Aft. Surgeon informed
me this morning that he
was not called in see
Mr. J. P. Raw at the end
of June. but sent him
a prescription for Dyspepsia
which he attributed to
too long continued use of
a tonic that had per-
sisted in May. when Mr.
J. P. Raw called to see
me at my house.

I am informed that Mr. J. P.
had 2 epileptic fits - in
his Private Room at the
Luttrell - which was wit-
nessed by Mr. Maiden -
+ of which I have no doubt
+ another whilst examining
the Treasury - but - I cannot
get a clear history of the
latter.

From my personal examina-
tion & observation I am of
opinion that Mr. J. P. Raw
now is in a bad state of health.
He has no muscular power.
His nervous system is very
deranged. I would therefore

Recommended that he should
appear before a Medical
Investigating Committee.
I may add that his powers of
locomotion are so impaired
that walking $\frac{1}{2}$ a mile would
be almost an impossibility.
I have no cause to suspect
intemperate habits.

Yours sincerely,
J. B. Putnam

Amend. Report on —

Masulipatnam
13th Aug. 1890.

My dear Price,

(2.17.78) With reference to my confidential letter regarding Mr. Patekata Jagga Row I think it right to let you know some facts which must somewhat modify the opinion I formed as to his work, & which I should probably have been aware of before, had I not been absent on leave.

I learn from Mr. Mackenzie that a batch of 30 ~~cases~~ summary suits dismissed by Mr. Jagga Row have been appealed against on the ground that this officer, publicly expressing his reaction at such suits, dismissed them without a hearing because the pleader for one of the parties could not answer offhand, without consulting his client, a question put to him as to rates of assessment. I have seen Mr. Jagga Row's judgment (dated 12.5.90) which confirms this.

Mr. Mackenzie informs me with respect to another appeal that the Government pleader appeared "for a min" whose suit was dismissed because his agent "was not present when the suit was called on. It was proved that the man was sitting under the [Cutcherry] banian-tree expecting Mr. Jagga Row to occupy the Collector's room, but he came to the Forest Officer's room & there called on the suit.

Venkatappayya [the Government pleader] said that it was always unknown whether or not Jagga Row was coming to office that day, that he himself had to appear in some Abkari business & that he waited at the Cutcherry from 11 to 5 for three days to see Jagga Row who did not come, and sent no message."

On the foregoing I may remark that I had a special room prepared for Mr. Jagga Row, & that he had no business to go elsewhere.

I have ascertained from the Government pleader four days on which he waited in vain at the Cutcherry for Mr. Jagga Row, viz, 25th Feby, 18th & 22nd March, & 28th June. As my confidential report will

show, the first & last of these absences were reported to me by Mr. Jagga Row but not the second & third.

I reluctantly infer, therefore, that Mr. Jagga Row did not invariably report his absence from office after I allowed him to discontinue a daily diary of hours of attendance which I at first laid down.

I must also modify to some extent my approval of his work, adding however that the Magisterial work which alone I had occasion to read was well done.

Yours faithfully
J. A. S. S.

Further report of Mr. Venkatala

Judl.
C.N^o 2888.

Fr Coll^{rs} Kistna, dated 17 July 1890.

For Order.

On the 1st July 1890. M^r C. Venkata Taja Rao had a total service of 9 years 6 m^s and 10 days. But under the Pension Reg^{ns} of Statutory Native Civil Servants - (C.S. Reg^{ns} art. 628), he can only count as "active service" 2 years of the period spent on probation, and as M^r Taja Rao's probⁿ lasted fr 22 Dec 80 to 12 Apr 1883, his ^{total} service must be reduced by 3 m^s 20 days to obtain his "active service" - which is thus only 9 years. 2 m^s 19 days. Under sec. 4 (b) of the Reg^{ns} above, referred to a Native Civil Serv^t retired on med^l Certificate, if of less than 10 yrs "active service" is entitled to gratuity only; after 10 yrs active service, he is entitled to a pension of Rs. 1500 per annum, plus an add^l Rs. 150 p.a. for each completed yr beyond 10. If retired now, therefore, on med^l certificate, M^r Taja Rao will get only a gratuity of about Rs. 3220.

The letter of the Collector of the Kistna, reporting on M^r Taja Rao's work and conduct, as required by para. 4 - G.O. 18 Oct. 1889. N^o 1776, seems complete in itself.

23 July.

There is nothing to the slightest chance of the termination of M^r Taja Rao's service. And the only course left is

An officer whose reports show no muscular power, to have a drugged macramization, the subject is epileptic fit & not to health. He cannot hold his legs & feet is changing physically unfit to discharge the duties of a Civil servant. He should be ordered to appear before a Med^l Board in the morning and be examined.

27/7/90

It seems hard to make M^r Taja Rao go before his pension. He does his office work decently so no harm will be done by keeping him at M^r Taja Rao's a little longer. He is now on 2 months' leave. When he comes back he will have served about 9 years & 4 months. Perhaps he might be kept 2 months - but not more.

Confid. No. 287.
D.O. from Mr. Arundel. 13 Aug.

The draft letter to the Govt of India regarding Mr. Venkata Jaga Rao was recd back for circ. finally passed on Friday the 15th. It was being copied for despatch, when the foregoing further letter for Mr. Arundel was recd today. This letter is circd for orders whether it should also be forwarded to the Govt of India, a modification being made in para. 3 of the draft letter.

Alf.
18 Aug.

I submit that it is now a matter for consideration whether Mr. T. Jaga Rao should be sent before a Judicial Board. Mr. Arundel can now only speak favourably of his majestical work which could hardly have been fresh.

19 Aug.

Both Magistral & Revenue are careful & sound, he now remains after words to modify his approval to some extent, & that Mr. Venkata Jaga Rao's inability to do so.

I am only been this letter. It shows that Venkata Jaga Rao's mind has

I think
The letter should be forwarded to the Govt of India with a modification of para 3 of the draft letter to that effect. The Govt of India may then decide whether Mr. V. J. Rao should be sent before a Judicial Board & get a preliminary report on a smaller person than the maximum admitted.

Alf.

Modified according to Alf.

The letter should go on. Para 3 should be modified. A copy of this letter should be sent. The Secretary to the Govt of India
Home Dept.

Sir,

I am directed to report the following
matter for the consideration of the Govern-
ment of India.

2. In the year 1909 the manner in
which Mr. Gundika Venkata Taga Rao,
a Statutory Civilian, then Acting Head
Assistant to the Collector and District Magistrate,
performed his official duties
came under the consideration of the Govt.
with the result that H.E. the Government
Council was constrained to remove
Venkata Taga Rao from his acting
appointment and to direct that he
should revert to the position of an
Assistant Collector. He was at the same
time transferred to the Vizianagaram District
and there placed under the supervision
of the Collector and District Magistrate,
Mr. A. T. Arundel, an officer in whose
judgment and discretion the Government
had every confidence. Mr. Arundel was
directed to submit a special report at the
end of six months on Mr. Taga Rao's
work and conduct.

3. This report has now been received.

Sanitary Officer

are involved. It will
 be seen from this that though Mr.
 Jaga Rao has Office work, both
 Magisterial and Revenue during the time
 that he has been in the District
 has been in the opinion of his official
 superior, careful and sound
 in ability to ride or even walk a very
 small distance, his pronounced tendency
 to epileptic fits, and his general state
 of health are such as to render him
 incompetent to discharge the duties
 in charge of a District that he could
 perform the ordinary duties of a
 District which are required of an Assistant
 Collector

4. It appears to H.E. the Governor
 in Council on consideration of what is
 stated in Mr. Arundel's letter and Dr.
 Thomas's confidential report, impossible
 to retain Mr. Jaga Rao even in his
 present position in the service. If he
 is unwound before a Medical Board the
 result will very probably be that he
 will be pronounced to be permanent
 ly unfitted for further service in
 which event he must under the Civil
 Service Regulations be immediately
 retired

of a subsequent letter J.
 Mr Arundel dated 13 Aug 1890,
 to Mr Arundel

Mr Arundel when he wrote his
 first letter, thought that

he saw reason afterwards to
 modify his approval to some
 extent, and that Mr Vukate
 Jaga Rao

Modified in accordance

only for a quantity of work to be done
 for under the Rules with regard to the
 pension of Stationary Civil Servants
 in Chapter XXV of the Civil Service
 Regulations he is not entitled to a
 pension until his actual service
 amounts to 10 years. Up to the 1st
 July however he had only a total service
 of 9 years 6 months and owing to
 his period of probation having
 exceeded two years his active service
 amounted to no more than 9 years
 2 1/2 months. He is now on leave
 of two months for private affairs
 which under the Regulations does
 not reckon towards pension. If
 Mr Jaga Rao were a Commissioned
 Civilian he would have been
 permitted to avail himself of
 such leave on medical certificate
 as would bring up his service to
 the amount qualifying him for
 pension, but under the Rules
 regulating the Pensions of
 Stationary ~~Civilian~~ Native
 Civil Servants embodied in
 Article 628 of the C.S. Regulations

although count as active service
towards pensions in the case of
Officers of his class

W. C. Venkata Jaga Rao Case

5. I am to say that H.E. the
Governor in Council is of opinion
that the most desirable course to
follow in this case is to as far as
possible extend to Mr. V. Jaga Rao
the treatment which would be
accorded to a Commissioned Civilian
in similar circumstances. The only
mode in which this appears feasible
is to place Mr. Venkata Jaga Rao
out of employ on subsistence allowance
until such period as he has completed
ten years active service and then
to send him before a Medical Board
in view to his retirement on pension.
This course I am to state H.E. in
Council proposes, if the Govt. of India
has no objection, to adopt. - Mr.
Venkata Jaga Rao's leave expires
on the 20th proximo and he would
then require something less than 9
months to qualify for the minimum
pension of Rs 1500 per annum.

My dear Anndel.

Mr. C. V. Jaffe

Now has been under the
Medical treatment of the
Prof. Simpson for Fever-
Distortion of the upper left
Arm - & Dysphasia -

I have seen him on 3 occasions
at his own residence - viz
on 11th 14th & 21st April. The
two occasions were immediately
after he had had an Epileptic
fit - at the latter &
Subsequently for bruising

The shoulder joint follow-
ing the dislocation of
the upper arm - at the
joint -

The Capt. Surgeon informed
me this morning that he
was not called in to see
Mr. J. J. Now at the end
of June but sent him
a prescription for Dyspepsia
which he attributed to
too long continued use of
a tonic that had been
cried in May - when Mr.
J. J. Now called to see
me at my house -

I am informed that Mr. J.
had 2 epileptic fits - in
his Private Room at the
Cathery - which was wit-
nessed by Mr. Maiden -
& of which I have no doubt
another while examining
the Treasury - but - I cannot
get a clear history of the
latter.

From my personal examina-
tion & observation I am of
opinion that Mr. J. J. Now
is in a bad state of health.
He has no muscular power -
his nervous system is very
deranged. I would therefore

Recommended that he should
appear before a Medical
Invaliding Committee.
I may add that his powers of
locomotion are so impaired
that walking $\frac{1}{2}$ a mile would
be almost an impossibility.
I have no cause to suspect
Intemperati habit.

Yours sincerely
J. B. Thomas
