For orders.

The Registrar General asks for sanction to the supply of 32 boxes - estimated to cost Rs. 25 each - to Registrars of Births and Deaths for the preservation of their records.

Section 18, Act VI of 1886 lays down that the local Govt. shall make suitable provision for the preservation of the records connected with the registration of births and deaths.

The boxes are to be of teak plank one inch thick, and their dimensions $3' \times 2\frac{1}{4}' \times 2'$. The price mentioned is to include a brass lock.

As it is proposed that each District Registrar shall arrange for the manufacture of the box required in his District the actual cost of the different boxes will no doubt vary, but it is thought that in no case should it exceed
