FORT ST. GEORGE,

THE Chief Secretary to Government
Public Department.

SIR,

With reference to G.O. No. 328 Public dated the 2nd May 1890, sanctioning a local allowance of Rs. 30 per mensem to all civil Apothecaries posted to Presidency Hospitals, I have the honor to recommend that a similar allowance on a lower scale may also be granted to those civil Hospital Assistants who are permanently employed in the Madras Hospitals.

2. The circumstances under which the allowance was sanctioned to Civil Apothecaries also exist in the case of Hospital Assistants. viz. their work in Madras is heavy and their responsibilities are very great when compared with their duties at a provincial station - moreover the cost of living in Madras is as a rule very expensive. Hospital Assistants do not receive charge allowance when employed in Madras so that they are subjected to direct pecuniary loss by being posted to the Presidency Hospitals in the interest of the service.

Some of these sub... made a presentation to me on... and in my opinion their case... consideration.

4. Government is... Hospital. Assistants posted to... medical charge of outlying districts... the mofussil are granted a charge... from Rs 10 to 25 according to the... healthiness of the station.

Under the above circumstances I recommend the favorable consideration of Government that the... assistants permanently posted to the... Hospitals may be granted a... monthly allowance of Rs 10, which... scale of charge allowance...

5. I append to this... of Hospital assistants holding appointments... Madras from which it will be... are employed directly under Government... under the municipality so that the... sanctioned will only entail a... of Rs 130.

READ—the following papers:—

From W. F. DEFABECK, Esq., M.D., Surgeon-General with the Government of Madras, to the Chief Secretary to Government, dated Fort St. George, 5th August 1890, No. 610.

With reference to G.O., No. 328, Public, dated the 2nd May 1890, sanctioning a local allowance of Rs. 30 per mensem to all Civil Apothecaries posted to Presidency hospitals, I have the honor to recommend that a similar allowance on a lower scale may also be granted to those Civil Hospital Assistants who are permanently employed in the Madras hospitals.

2. The circumstances under which the allowance was sanctioned to Civil Apothecaries also exist in the case of Hospital Assistants, viz., their work in Madras is heavy and their responsibilities very great when compared with their duties in a mofussil station. Moreover, the cost of living in Madras is, as a rule, very expensive. Hospital Assistants do not receive charge allowance when employed in Madras, so that they are subjected to direct pecuniary loss by being posted to the Presidency hospitals in the interests of the service.

3. Some of these subordinates have made a representation to me on this subject, and in my opinion their case deserves consideration.

4. Government is aware that Hospital Assistants posted to independent medical charge of outlying dispensaries in the mofussil are granted a charge allowance varying from Rs. 10 to 25 according to the importance or unhealthiness of the station.

Under the above circumstances, I recommend for the favorable consideration of Government that the Hospital Assistants permanently posted to the Presidency hospitals may be granted a local monthly allowance of Rs. 10, which is the lowest scale of charge allowance admissible.

5. I append to this letter a list of Hospital Assistants holding appointments in Madras, from which it will be seen that 13 are employed directly under Government and 4 under the Municipality, so that the proposal, if sanctioned, will only entail a monthly expenditure of Rs. 130.
