*Answer*

lying in Hospital in comparison with that of the explanatory remarks.

| Increase of cost per month | Remarks                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                               |
|----------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
|                            | <p>The average daily number of Gynecological patients at the Hospital for Women is added to the lying-in patients. In the current year considerable increases have occurred.</p> <p>No increase is asked for in Medical Officers, though the work at the lying-in Hospital affords work for two or more.</p> <p>* Two apothecaries have also I believe been sanctioned for work in the out-patient room. Night duty at the General Hospital occurs once in 6 weeks. In the lying-in Hospital the apothecaries have to come on duty often night. An increase of 1 apothecary to take subordinate charge of the new Block will be absolutely necessary. An increase in Hospital assistants is also much wanted to relieve the apothecaries of some of the compounding work and to assist at the Igmore Dispensary where there is no proper provision for seeing out-patients. Another person is necessary. One should be always at the gate and the other is wanted to superintend seroants and to carry letters.</p> <p>A Dispensary Caddy is asked for to keep the Dispensary clean and to carry medicines to and fro from the lying-in Hospital and for numerous other purposes.</p> |
| 173                        | <p>There is at present no office establishment. Both the Superintendent and the Senior Apothecary have to spend time in doing writing work in the office which could be much better spent in the wards. A writer is also required to assist the <del>Superintendent</del> Steward in his work and to act for him occasionally.</p> <p>The Matron's pay should be raised &amp; brought more on a level with what obtains in other hospitals of similar size. At present she is a head strong woman but she should be relieved of this duty and be free to spend more time in superintending the mid-<br/>I propose an increase of the 25 per</p>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                       |

18  
GOVERNMENT LYING-IN HOSPITAL,  
Madras, 18<sup>th</sup> September 1890

From

THE SUPERINTENDENT,

GOVERNMENT LYING-IN HOSPITAL,

MADRAS,

To

THE Secretary to the Surgeon-General  
with the Government of Madras  
Madras

SIR,

As the new block of buildings for the accommodation of the Gynecological cases from the Hospital for Women is now approaching completion I have the honor to bring before the notice of the Surgeon-General the question of establishment, Furniture, Bedding, Clothing &c. which will be required to work these additional wards.

2. With regard to establishment I may say that I do not think it will be found practicable to transfer any portion of the staff, except myself and some of the nurse-pupils, from the Hospital for Women. The general and medical staff at that hospital is already much

Much below what is required to work the hospital efficiently and it is highly probable that the opening of the new block at the Lying-in Hospital will not materially diminish the number of applicants for admission to that Hospital. The staff at the Lying-in Hospital is already overworked and cannot undertake more. In fact I have experienced much difficulty during the last two or three years with the menial servants, especially Scavengers and Dhobies, who frequently develop a tendency to strike work and have actually done so on more than one occasion.

3— Bearing those facts in view I have carefully considered what are the probable requirements and have embodied these in the accompanying tabular statement Appendix A. I have shown there the sanctioned establishment of the General Hospital, and, taking that as a basis, the increase asked for will not be found in any way excessive. It must be borne in mind that the

28  
cases at the Lying-in Hospital are, many of them, of a very serious nature, requiring very careful nursing, and that in addition to the woman there is in most cases also a child requiring the attention of a nurse. All the nursing has been hitherto carried out by means of pupils under training for midwives, whose pay is very small and who only stay at the Hospital for 6 months. If there was a fully trained staff of nurses, as there is at the General Hospital, the labours of Medical Officers and Matrons would be lessened but the cost of the nurses much increased. Only a moderate increase in this Department has been asked for.

4— Appendices B & C are lists of Furniture, Bedding and Clothing required for the new block. I would beg to request that these amounts viz Rs 2200 and Rs 1000 may be sanctioned and that I may be permitted to obtain the articles in the local market, as was done when the other blocks of the Lying-in Hospital were

were opened

I have the honor to be

Sir,

Your most obedient servant

Am Donnan

Subd 710  
24-10-90

No 727  
 The undersigned has

very carefully and fully gone into the subject with Dr. Beaufort and examined the journals made by him. The Estimates are forwarded for favorable consideration and sanction of Government as the loss of the Lying-in Hospital has greatly increased and the addition of a new block to the building provided the increase of establishment necessary.

The increase in the pay of the Matrons and in the number of Assistant Matrons as well as that in the lower staff would bring this large Hospital to a level with similar Hospitals elsewhere.

Wm. J. L. [Signature]  
 Surgeon General  
 Public Dept.  
 25 Sept 1890

Public Dept.

The Surgeon Genl. submits statement of the <sup>extra</sup> ~~establishment~~ establishment, furniture, bedding, etc. required for the Lying-in Hospital in consequence of the addition of a block of buildings for the accommodation of the gynecological cases <sup>at present treated in</sup> ~~at present treated in~~ the Hospital for Women and Children.

Statement A shows that a very large increase to the establishment is considered necessary but no reduction in the existing establishment that has been doing the work at the Women and Children's Hospital is proposed. In fact an extra assistant apothecary was recently sanctioned by Govt on the application of the Medical Offr: W. & C. Hospital in which he made mention of the work done in the gynecological ward - but it now appears that this is to be entirely transferred to the Lying-in <sup>U Hospital</sup> It is submitted that before final orders

The extra hands required are as follows:-

- 1 apothecary - 80 Rs
- 2 Hosp: accts (40) - 80 "
- 1 Peon - 7 "
- 1 Cooly - 6 "
- 1 Clerk - 25 "
- 1 asst Matron - 50 "
- 2 Native Nurses (12) - 24 "
- 1 ayah - 6 "
- 2 Dhobies (8) - 16 "
- 1 Cook's Mate - 8 "
- 1 Gardener - 6 "
- 2 Male Toties (6) - 12 "
- 5 Female - (4) - 20 "
- 3 Lascars - (6) - 18 "

The following increases of pay are required:-  
 Matron fr: 100 Rs to 125-150 Rs - 44 -  
 asst. Matron fr: 50 Rs to 50-75 Rs - 19 -  
 Steward from 35 Rs to 60-100 Rs - 55 -  
 Tailor 2/Europ: Cook 4/ - 6 -  
 Nat: Cook & Waterwoman 2/- each 4-128  
 Total increase 486 per mensem

50.6358  
 8.9.90

orders are passed on the  
application for increase  
of food a proposition  
stated in the pre-  
scribed form he called  
for from the Surgeon  
General who should  
report what reductions  
if any can be effected  
in the est<sup>e</sup> of the W. & C.  
Hospital or transfers  
made from it to the Dying  
as in. The present papers  
should have been sent  
through the Acct. Genl.  
for report on the finan-  
cial aspect of the pro-  
posals made. It would  
of the convenience of a state-  
ment were prepared show-  
ing the existing est<sup>e</sup> &  
the ~~transferring~~ number of  
of beds and the proposed est<sup>e</sup>  
a ~~no~~ of beds it is for - 2 also  
what proportion of the  
beds ~~are~~ <sup>to be built at an extra cost of</sup> occupied  
the ~~existing~~ <sup>existing</sup> ~~occupied~~ <sup>occupied</sup>  
Turning to the list  
of furniture & bedding  
it will be seen that <sup>several</sup>  
of the articles are of Euro-  
pean manufacture &  
should therefore - unless  
for one of the special reasons  
stated in G.O. Fil. N<sup>o</sup> 358  
of 8 June 1889 he obtained them

Yes. Dr. Braufort asks  
for 3 Civil Apothecaries  
instead of 2. Dr. Kachitt  
said he had 2 Apothecaries  
one of whom was solely  
attached to the Gynecological  
wards. Two gave him one  
more. Is the Gynecological  
Apothecary here transferred  
to the Dying in Hospital?

available ~~transferring~~ <sup>transferring</sup> ~~number~~ <sup>number</sup>  
at the W & C Hosp<sup>l</sup>

the India Office Store Dept.  
Dr. Braufort asks that  
he may be allowed to pur-  
chase all the articles in  
the local market as was  
done when the Dying  
in Hospital was opened.  
He refers to the sanction  
accorded in G.O. N<sup>o</sup> 1759, of  
3. 11. 80, but in those days  
any rules about the local  
purchase of stores that may  
have been in existence  
were evidently not of  
much importance for it  
will be seen from Dr.  
Cornish's letter in the G.O.  
that he did "not think  
it necessary to trouble  
Govt. with the details of  
the list". Since, however,  
the issue of India's Resolu-  
tion recorded in G.O. N<sup>o</sup>  
190. Fil. of 31. 1. 83 consider-  
able attention has been  
paid to the rules laid  
down about the pur-  
chase of stores. The present  
application does not  
seem to fall within any  
of the special cases in G.O.  
358 of 8. 6. 89, and is the  
more difficult to deal  
with as Dr. Braufort has  
had since August 1889 -  
when

where the new block  
of ~~the~~ <sup>the</sup> ~~new~~ <sup>new</sup> ~~block~~ <sup>block</sup>  
(G.O. No. 164/30.9.89) to arrange  
for ~~the~~ <sup>the</sup> ~~new~~ <sup>new</sup> ~~block~~ <sup>block</sup>  
for ~~the~~ <sup>the</sup> ~~new~~ <sup>new</sup> ~~block~~ <sup>block</sup>  
India Store Dept for what  
be wanted. The proposal to  
obtain two elvers Qakes  
of more cots which it is  
believed are of English  
make is most distinctly  
opposed to existing rules.  
It is proposed to ~~promote~~  
to inform the Surgeon  
General accordingly and  
to ask him to report which  
of the articles demanded  
are of European manu-  
facture; to tell him that  
if time will not permit  
of their being obtained  
from the India Store Dept  
he must substitute articles  
of country manufacture  
for as many as possible.  
The ~~costs~~ <sup>costs</sup> ~~to~~ <sup>to</sup> ~~be~~ <sup>be</sup> ~~paid~~ <sup>paid</sup>  
and the ~~costs~~ <sup>costs</sup> ~~to~~ <sup>to</sup> ~~be~~ <sup>be</sup> ~~paid~~ <sup>paid</sup>  
for sanction to the local  
purchase of the remain-  
der. If the ~~cots~~ <sup>cots</sup> ~~to~~ <sup>to</sup> ~~be~~ <sup>be</sup> ~~obtained~~ <sup>obtained</sup>  
the ~~Qakes~~ <sup>Qakes</sup> ~~if~~ <sup>if</sup> ~~are~~ <sup>are</sup> ~~not~~ <sup>not</sup> ~~already~~ <sup>already</sup>  
in India there seems  
no reason why a special  
indent on the India  
Store Dept should not  
be in time.

Since the above was  
written the file of recent  
rulings regarding the  
local purchase of stores

He ought to have done so;  
but now the Local Govt  
can't arrange to send him  
for the articles advantageously

g

No. It would be opposed to  
the rule of Dakes has not  
got them have had Dakes  
to get them out

g

That was what was  
meant

g

of European made by the  
P.W. Dept has been obtain-  
ed from the P.W. Dept. These  
orders were not cou'd  
to other depts of the Secret-  
ariat. Attention is in-  
vited to para. 2 of India's  
letter in G.O. No. 20. W. 87  
dmy: 87. The larger articles  
required for the <sup>laying in</sup> <sup>hospital</sup>  
might by a little foresight  
have been obtained thro'  
the India Office but there  
has never been any ob-  
jection to the local pur-  
chase of stores costing less  
than Rs. 10/. In para. 2 of  
India's letter No. 177. cl.  
in G.O. No. 1549. W. d/9. 6.87  
it is said that <sup>Sanction by the</sup> <sup>local</sup> <sup>Government</sup> <sup>to</sup> <sup>the</sup> <sup>local</sup>  
purchase of stores of Euro-  
manufacture is only  
necessary when the value  
of any one article, or of  
any number of articles  
of the same description  
required for the same  
work or estimate is more  
than Rs. 50/. It seems  
clear that the purchase  
of all the articles of Euro-  
manufacture mention-  
ed by Dr. Braufoot that  
are actually available  
in

in the local market  
 (g.o.) may be sanctioned  
 for but any articles that  
 have to be specially  
 got out must be  
 ordered through the  
 India Store Dept. (vide  
 portion of S.O. to P.W.  
 code marked with  
 blue pencil.)

It is proposed to ask  
 of the P.W. Dept. whether India's  
 are further orders referred  
 fact to in para: 3 of letter re-  
 if the corded in G.O. 1549. W.  
 of the d. 9.6.87 have yet been  
 here recd. - and to suggest  
 of the advisability of  
 a précis of India's ruling  
 for the P.W.D. regarding  
 the local purchase of  
 stores being comd. to  
 other depts. of the Sec.  
 re-arrange for infor-  
 mation if not for gui-  
 dance.

On going through the list B it appeared  
 that with the exception of the  
 G.O. 1900 the sanction of the local Govt. has  
 been obtained for the purchase of the articles  
 mentioned in the list. The value of the  
 locally manufactured articles is below

yes  
 HJ  
 28  
 yes  
 HJ  
 28

Let it be done  
 a précis of the ruling  
 is much better - It  
 must be drawn up  
 clearly drawn up &  
 at uniform price  
 HJ  
 28

yes  
 HJ

The colts only cost 30 M  
 each & the end of the  
 They may still be bought  
 out here if they are in the  
 market but it is better  
 to order out from the  
 Govt. of India & Co.  
 22/10/20 HJ

R.S.D. such and such ~~kind~~ as are of  
 Indian manufacture can therefore apparently  
 be purchased out here - by means of the  
 sanction of the nature of contingent charges  
 e.g. China bowls, China plates, kitchen  
 knives, steel brushes, etc. etc. etc. so  
 it would be about 6 months for the  
 small quantities of these required.  
 The purchase of the colts and saddles <sup>or</sup> ~~which~~  
 be the best thing to do in the end.  
 Submitted that sanction for everything  
 but these may now be accorded  
 that the S.G. be instructed to <sup>order</sup> ~~order~~  
 from India England for colts and saddles.

All that are in the local  
 market now may be bought  
 here

*Present*

Current No. 2018 of 1890, dated 25 Sep: from The Surgeon Genl.

Order 24<sup>th</sup> Oct/90. No. 700

The Surgeon General  
submits statements of the  
extra establishment, formi-  
ture, bedding &c. required  
for the lying-in Hospital  
in consequence of the addi-  
tion of a block of wards for  
the accommodation of the  
gynecological cases at  
present treated in the  
Hospital for Women and  
Children. The <sup>communication</sup> from  
the Supt. of the lying-in  
Hospital should have been  
submitted with a letter  
from the Surgeon Genl.  
and not under cover of  
a "Memo".

| Lascars at Rs. 6        | 18.     |
| Dhobies at " 8          | 16.     |
| Male Joties at Rs. 6    | 12.     |
| Cook's Mate             | 8.      |
| Peon                    | 7.      |
| Cooly                   | 6.      |
| ayah                    | 6.      |
| Gardener                | 6.      |
|                         | Rs. 358 |

2. Statement A shows  
that a very large increase  
to the existing est<sup>e</sup> is con-  
sidered necessary. More  
than 24 extra hands at  
a cost of Rs. 358 per month  
are

in addition to the pay of certain members of the present <sup>staff</sup> Est<sup>t</sup>. Before orders are passed on these proposals the Govt desires to be furnished with a statement in the prescribed form showing the increases proposed. It should be submitted through the Accountant General, who, in addition to checking the statement, will be asked to report on the financial aspect of the proposals made.

3. The Supt. Dying-in-Hospl remarks in his letter of the 18<sup>th</sup> Sep: that he does not think it will be found practicable to transfer any portion of the staff of the W. & C. Hospl. to the Dying-in-Hospl. On this important point the Surgeon General is silent although ~~he is aware~~ <sup>he is aware</sup> not so recently as the 8<sup>th</sup> Sep. last (G.O. No. 633) the Govt sanctioned an addl. Asst. Apothecary for the W. & C. Hospl. It seems probable that some reduction of the Est<sup>t</sup> of that <sup>hospital</sup> will be possible

58  
on the removal from it of all gynecological cases. The Surgeon General will enquire carefully into the matter and report the result <sup>and</sup> at the same time inform Govt. of what he proposes to do with the Apothecary of the Reserve Est<sup>t</sup> who has been serving under Dr. Brauford at the W. & C. Hospl. As long as his services are available there seems no reason why an additional permanent Apothecary should be sanctioned for the Dying-in-Hospl.

4. In order to assist Govt in forming an estimate of the additional Est<sup>t</sup> actually necessary the Surgeon General will be requested to furnish a statement showing the existing Est<sup>t</sup> <sup>there for gynecological cases being a large number</sup> and number of beds at the W. & C. Hospl. available and usually occupied & the proposed Est<sup>t</sup> and the number of beds it is for. The proportion of the beds in the new wards at the Dying-in-Hospl. that are

Escpote

in the gynecological ward  
Note to G.O.

Thus the above words  
is inserted? The Govt.  
does not use them but  
if that is what is wanted  
by W. & C. Hospl. to insert  
there is no objection

expected to be occupied  
should also be reported.  
The list of furniture  
including ~~the~~ required  
articles of European manufac-  
ture and in the case of  
the larger articles such  
as the iron cot & cradles  
the necessity for their  
supply should have  
been recognised by the  
Superintendent in time  
for them to be obtained  
through the India Office  
Store Dept. The want of  
action on the part of the  
Supt. has however left  
the Govt no alternative  
but to sanction the local  
purchase of all the  
articles required. This  
may be done at once  
in the case of articles  
that are actually avail-  
able in the local market  
but any article that it  
may be necessary to  
procure from England  
must be obtained in  
the usual manner  
i.e. by indent on  
the India Office Store
